DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règle spéciale du Sénat.

49. (*c*.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets ;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b.* Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 6th March, 1899, from the Minister of the Interior, stating that under the authority of an Order in Council dated 17th of August, 1897, Major J. M. Walsh, Commissioner of the Yukon Territory, was empowered to alter or amend any mining regulations issued under the authority of the Governor in Council governing the granting of mining claims where such change might be, in his opinion, necessary in the public interest; and that when Major Walsh was at Dawson he instructed the Gold Commissioner to withhold from entry all fractional claims in the Yukon Territory, and also all creek claims unrecorded on Dominion Creek in the same territory until he received instructions from the Minister of the Interior as to their disposal.

The Minister recommends that the action taken by the late Commissioner of the Yukon Territory, be confirmed, and that all fractional claims in the Yukon Territory and the unrecorded claims on Dominion Creek in the said Territory be reserved for the Crown.

The Committee submit the same for Your Excellency's approval.

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 6th March, 1899, from the Minister of the Interior, stating that the regulations governing Placer Mining in the Yukon Territory, approved by Order in Council, dated the 18th of January, 1898, provide that the frontage of a claim shall be 250 feet; that it appears the Gold Commissioner at Dawson, anterior to the receipt of the regulations, granted entries for claims having a frontage of 500 feet, being the frontage prescribed by former regulations; that representations have been made to the Department of the Interior that persons are demanding that the frontage of the claims for which entries were granted be reduced from 500 to 250 feet, and the remaining 250 feet be opened for entry; and that the Gold Commissioner has refused to comply with this demand.

The Minister is of the opinion that it would be unfair to those persons who received entries for claims having a frontage of 500 feet to be deprived of any portion of their claims, provided they are complying with the provisions of the regulations, and he recommends that the action taken by the Gold Commissioner be confirmed.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk of the Privy Council.

Whereas it is reported that entries for mining claims have been granted in the Yukon Territory by the Gold Commissioner and Mining Recorders in accordance with the provisions of regulations which at the time were in their possession, but which had been amended without their knowledge; and

Whereas it has been contended that such entries are not legal as they were not made under the regulations in force at the time they were granted,—

Therefore His Excellency, by and with the advice of the Queen's Privy Council for Canada, is pleased to order, and it is hereby ordered accordingly, that the regulations and the amendments thereto which have been passed from time to time shall be held to have come into force upon the date of the receipt of the same by the Gold Commissioner.

His Excellency is further pleased to order that hereafter amendments or new regulations shall come into force on the date upon which they are received by the Gold Commissioner and posted in his office; and that it shall be the duty of the Gold Commissioner to post in a conspicuous place in his office a copy of any amendments or new regulations within twenty-four hours after receiving the same.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Considérant que par l'article 69 des Règlements miniers pour le Manitoba et les territoires du Nord-Ouest, y compris le territoire du Yukon, établis par l'arrêté en conseil du 21 de mars 1898, il est établi que le Régistrateur des mines aura le pouvoir d'entendre et de décider toutes contestations s'élevant dans son district au sujet des propriétés minières préalablement à la délivrance du titre de la Couronne, sauf appel par les parties au ministre de l'Intérieur ;

Et considérant que le major J. M. Walsh, l'ex-commissaire du territoire du Yukon, n'ayant pas reçu une copie du dit arrêté en conseil a, le 2 de juillet 1898, en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, modifié les Règlements miniers du 18 de janvier 1898, en y ajoutant certaines dispositions pour l'audition et la décison de toutes contestations au sujet de propriétés minières dans le territoire du Yukon,—

Il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que les susdits règlements émis par le major Walsh le 2 de juillet 1898, soient et ils sont par le présent rescindés, et que l'article 69 des Règlements miniers du 21 de mars 1898, mentionnés au paragraphe précédent, soit et il est par le présent modifié comme suit :—

"69. Le Commissaire des mines d'or et les Régistrateurs des mines auront chacun le pouvoir d'entendre et de décider toutes contestations au sujet des propriétés minières, sauf appel.

"(*a*) Dans le cas où l'appel serait interjeté de la décision d'un Régistrateur des mines, il sera entendu par le Commissaire des mines d'or ;

"(*b*) Dans le cas d'un appel de la décision du Commissaire des mines d'or, il sera entendu par le ministre de l'Intérieur du Canada ;

"(*c*) Un appel peut être porté devant le ministre de l'Intérieur non seulement des décisions du Commissaire des mines d'or, au sujet des causes originairement jugées par lui, mais aussi au sujet des causes décidées par lui sur appel des décisions des Régistrateurs des mines ;

"(*d*) Le Commissaire des mines d'or et les Régistrateurs des mines seront revêtus de tous les pouvoirs d'un juge de paix en ce qui concerne l'émission de subpœnas demandant la présence de témoins, et aussi quant à l'émission des mandats qui seront nécessaires pour contraindre les témoins réfractaires à comparaître ;

"(*e*) Toutes matières, demandes, et différends concernant de quelque façon les inscriptions d'emplacements miniers en vertu de règlements, ou concernant de quelque façon les droits miniers sur les terres fédérales, qu'ils s'élèvent avant ou après l'entrée en vigueur du présent règlement, seront décidés par le Commissaire des mines d'or, ou les Régistrateurs des mines, sauf appel au ministre de l'Intérieur, tel qu'énoncé plus haut."

Mercredi, le 29e jour de mars 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport, daté le 6 de mars, 1899, au ministre de l'Intérieur, disant qu'en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, le major J. M. Walsh, Commissaire du territoire du Yukon, était autorisé à changer ou modifier tous règlements miniers émis en vertu de l'autorité du Gouverneur en conseil, régissant la concession d'emplacements miniers lorsqu'il jugera qu'un tel changement serait dans l'intérêt du public ; et que lorsque le major Wash était à Dawson il chargea le Commissaire des mines d'or de retirer des inscriptions tous les emplacements fractionnaires dans le territoire du Yukon, et aussi tous les emplacements de ruisseau non enregistrés sur le Dominion Creek dans le même territoire jusqu'à ce qu'il reçût des institutions du ministre de l'Intérieur à leur sujet.

Le Ministre recommande que l'action prise par l'ex-commissaire du territoire du Yukon soit confirmée, et que tous les emplacements fractionnaires dans le territoire du Yukon et les emplacements non enregistrés sur le Dominion Creek dans le dit territoire, soient réservés à la Couronne.

Le comité soumet ce qui prescrit à l'approbation de Votre Excellence.

Mercredi, le 29e jour de mars 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 6 mars 1899, du ministre de l'Intérieur, énonçant que les règlements régissant les mines alluviales dans le territoire du Yukon, approuvés par arrêté en conseil du 18 de janvier 1898, établissent que le front d'un emplacement sera de 250 pieds ; qu'il appert que le Commissaire des mines d'or à Dawson, antérieurement à la réception des règlements, a accordé des inscriptions d'emplacements ayant un front de 500 pieds, étant le front prescrit par les anciens règlements ; que des représentations ont été faites au ministère de l'Intérieur à l'effet que ces personnes demandent que le front des emplacements pour lesquels des inscriptions ont été accordées soit réduit de 500 à 250 pieds, et que les autres 250 pieds restants soient ouverts aux inscriptions ; et que le Commissaire des mines d'or a refusé de ce rendre à cette demande,—

Le Ministre est d'avis qu'il serait injuste envers les personnes qui ont reçu des inscriptions pour des emplacements ayant un front de 500 pieds de les priver d'une partie quelconque de leurs emplacements, pourvu qu'elles se conforment aux règlements, et il recommande que l'action prise par le Commissaire des mines d'or soit confirmée.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
42-4 Greffier du Conseil privé.

Jeudi, le 30e jour de mars 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il appert que des inscriptions d'emplacements miniers ont été accordées dans le territoire du Yukon par le Commissaire des mines d'or et les Régistrateurs des mines en conformité des dispositions de règlements qui dans le temps étaient en leur possession, mais qui auraient été modifiés, sans leur connaissance ; et

Attendu qu'on a prétendu que ces inscriptions ne sont pas valables, vu qu'elles n'ont pas été faites en vertu des règlements en vigueur lorsqu'elles ont été accordées,—

A ces causes il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, et il est par le présent ordonné, que les règlements et les modifications à iceux qui ont été passés de temps à autre, seront réputés être devenus exécutoires à la date de leur réception par le Commissaire des mines d'or.

Il plaît aussi à Son Excellence d'ordonner, qu'à l'avenir les modifications ou les nouveaux règlements deviendront en vigueur du jour où ils sont reçus par le Commissaire des mines d'or, et affichés dans son bureau ; et qu'il incombera au Commissaire des mines d'or d'afficher dans un endroit visible dans son bureau une copie de toutes modifications ou de nouveaux règlements sous vingt-quatre heures après les avoir reçus.

JOHN J. McGEE,
42-4 Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a.*) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir:—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

7. Colonial and Service Candidates will be required to attain in Class I. the same qualifying standard as required for the Candidates who attend the competitive examination.

8. Candidates will be informed by letter from the Civil Service Commission of the result of their Examination : except in the case of the Colonial Candidates residing abroad, who will be informed by telegram from the Admiralty so as to enable them to join the Training College at Devonport as soon as possible after they have been found medically fit.

9. The number of Appointments to be made in each year will be fixed by their Lordships. The successful Candidates will be entered as Engineer Students in H. M. Navy on the first of July in each year, and will be borne on the books of the Depôt Ship at Devonport for disciplinary purposes. The period of training will be for five years.

10. The Parent or Guardian of each Student entered under these Regulations will be required to pay the sum of £40 per annum for the period the Student may be under training. It will, however, be at the discretion of the Lords Commissioners of the Admiralty to select from among the Students entered at each yearly examination, a number not to exceed five, being sons of Officers of the Navy, Army, or Royal Marines, or of Civil Officers under the Board of Admiralty, with respect to whom the annual payment will be £25 only. Their Lordships also reserve the power to further reduce this latter sum in the case of sons of Officers *killed or drowned, or who have otherwise lost their lives on Service.* In making their selection, my Lords will have regard solely to the pecuniary circumstances of the Parents or Guardians of the Students.

11. The payments are to be made half-yearly, in advance, to the Cashier of H. M. Dockyard at Devonport; the first payment is to be made on or before the 1st of July, the date of entry of the Student, and the subsequent payments, on or before the 1st January and 1st July, during the remainder of the Student's training. Should a Student leave from any cause or be dismissed from the Service, not any portion of the payments that have been made in his behalf will be refunded.

12. The Parents or Guardians will also be required to provide the Uniform or other Clothing, Washing, and Personal Necessaries of the Student. Medical Attendance will be provided by the Admiralty.

13. The Students will reside during their course of training in the Training College at Devonport, where they will be boarded free of charge.

14. The weekly pay of Students will be as follows, provided they are well reported on by the Officers :—

First Year	One shilling	a week.
Second "	Two shillings	
Third "	Three "	
Fourth "	Five "	
Fifth (and Sixth Year if retained)	Eight "	

15. The vacations will be as stated below. Students whose conduct and progress have not been satisfactory, will be granted leave for shorter periods, at the discretion of the Admiral Superintendent.

Midsummer	24 working days.

16. Every Student on first joining, or on returning to the Training College after the vacations, will be required to produce a health certificate—signed by his Parent or Guardian, not earlier than the day before his return to the Training College—to the effect that, so far as is known to his Parent or Guardian, he has not for at least three weeks immediately preceding his first joining, or during the vacation, been exposed to

any infectious disease, or entered any house where such disease has existed. A certificate, drawn up in the necessary form, will be sent to each Parent, and failure on the part of the Student to produce this certificate, duly filled up and signed, on his return to the Training College, will entail his being isolated until the certificate is received.

17. The Students will draw pay while on leave.

When absent on account of injuries or sickness from causes beyond their own control they will not be deprived of pay until such absence amounts to six months in the aggregate during any period of twelve months, at the expiration of which time a special report is to be made to their Lordships.

18. Students pronounced at the end of twelve months' absence on account of sickness or injuries to be permanently unfit or unlikely to be capable of entering Her Majesty's Service as Assistant Engineers, or as Assistant Constructors, will be discharged. 19. The Students will be under the supervision of the Admiral Superintendent of the Dockyard and a Staff of Officers, and subject to such rules and regulations as their Lordships may deem necessary. During their residence in the Training College, the Students will be subject to Naval Discipline, under the supervision of the naval officer superintending the College.

20. During their course of training, the Students will receive instructions in Mathematics, Physics, Chemistry, and other theoretical subjects relating to Engineering, under the Head Master of the College, assisted by a staff of Instructors.

They will receive practical training in the Engineering Workshops, and Drawing Office of the Dockyard, and will also receive instruction in Iron Shipbuilding.

They will attend classes for such periods, and for the study of such subjects, as may from time to time be determined on. Means will be afforded them of acquiring the groundwork of the knowledge required by a Naval Engineer respecting the construction and working of the engines, boilers, and appliances in connection therewith used on board ship, including the repairs of machinery which can be carried out afloat, also as to the construction or working of Electric Light, Refrigerating, Air Compressing, Torpedo and Gun Machinery, and in becoming generally acquainted with the duties of a Naval Engineer.

While the Engineer Students are being instructed in Iron Shipbuilding they will be under the direction of the Chief Constructor.

21. Those Students who fail to make satisfactory progress, or give no hope of becoming efficient officers, or are guilty of persistent misconduct, will be discharged from the Service.

In the event of serious misconduct on the part of Senior Engineer Students, which may not be of such a nature as to entail dismissal, their appointment as Probationary Assistant Engineer will be withheld for such period as may be considered necessary, after passing for this rank, on the completion of their period of training. During this period they will be employed in the workshops only, and their conduct will be reported to the Admiralty quarterly.

Prizes will be given annually to the Students most highly reported on for their skilful workmanship, and for distinction at the examinations in Professional and Educational Subjects. Proficiency in the Educational Subjects, and in Practical Engineering and Shipbuilding respectively, will be considered essential at all Examinations.

24. Students who fail to pass either the intermediate Educational or Practical Examinations will be dismissed, unless reasons, satisfactory to their Lordships, are given for their failure.

25. Students in Naval Construction not exceeding two in number annually may be appointed from among Engineer Students who have shown special ability at the end of their second year of training. The Students in Naval Construction, on appointment, must join with their Parents or Guardians in a Bond for £500 to enter, if required, into Her Majesty's Service as Assistant Constructors, if at the expiration of their training they should obtain certificates of good conduct and efficiency. They will continue to be under Naval discipline until their entry as Assistant Constructors.

A form of the required Bond is annexed.

A few Assistant Engineers may be selected annually from those who take the highest place at the examination at the end of the first session at the Royal Naval College to pass through a further course of instruction during a second session. On the examination at the end of the second session two or more Assistant Engineers may be selected to pass through a third and final session. Assistant Engineers during their second and third sessions will receive 7*s.* 6*d.* a day and 1*s.* 6*d.* a day towards the mess. Assistant Engineers who complete three sessions at the College will be considered eligible to fill vacancies occurring in the civil appointments at the Dockyards and at the Admiralty, after they have served for three years as Engineer officer of a seagoing ship.

In ships in the Fleet and Dockyard Reserves, half of the rates of Charge Pay, and Senior Engineers' allowances, payable whilst in commission, are to be paid to their Engineer Officers; but in the case of ships with engines of 2,000 indicated horse-power and under, Charge Pay at 1*s.* a day is to be paid.

EXTRA PAY.

The Chief Inspectors and Inspectors of Machinery in the Reserves, in consideration of their responsible duties, are allowed an additional 3*s.* a day.

Fleet, Staff and Chief Engineers of Flag Ships are allowed an additional 2*s.* 6*d.* to 5*s.* per day.

Assistant Engineers, qualified for advancement, are eligible for promotion to the rank of Engineer after five years' service. Assistant Engineers count their probationary time towards increase of pay and promotion, as stated in paragraph 34 of these Regulations.

The promotion of Engineers, Fleet Engineers, and Inspectors of Machinery, depends on the number of vacancies that occur in the several superior ranks.

RETIRED PAY.

The following table shows the age for retirement from active service of Engineer Officers, and the maximum retired pay of each rank:—

Rank at time of retirement.	Age.		Maximum retired pay.
	Optional retirement may be allowed at.	Compulsory retirement

* Optional retirement suspended for the present.

On attaining the rank of Chief Engineer and afterwards, and if 40 years of age, or over, the amount of retired pay depends both on age and length of service, the maximum for each rank being as above, and the minimum rate the amount of half-pay of the Officer as per scale previously given. Retirement would take place between the ages given in the above table except in the following cases:—

(1.) Five years half-pay time in either of the ranks of Assistant Engineer, Engineer, Chief, Staff, or Fleet Engineer, or seven years half-pay time in the ranks of Inspector, or Chief Inspector of Machinery.
(2.) Physical unfitness for service.

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1899, from the Minister of the Interior, stating that under the authority of an Order in Council dated 17th of August, 1897, Major J. M. Walsh, Commissioner of the Yukon Territory, was empowered to alter or amend any mining regulations issued under the authority of the Governor in Council governing the granting of mining claims where such change might be, in his opinion, necessary in the public interest ; and that when Major Walsh was at Dawson he instructed the Gold Commissioner to withhold from entry all fractional claims in the Yukon Territory, and also all creek claims unrecorded on Dominion Creek in the same territory until he received instructions from the Minister of the Interior as to their disposal.

The Minister recommends that the action taken by the late Commissioner of the Yukon Territory, be confirmed, and that all fractional claims in the Yukon Territory and the unrecorded claims on Dominion Creek in the said Territory be reserved for the Crown.

The Committee submit the same for Your Excellency's approval.

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1899, from the Minister of the Interior, stating that the regulations governing Placer Mining in the Yukon Territory, approved by Order in Council, dated the 18th of January, 1898, provide that the frontage of a claim shall be 250 feet ; that it appears the Gold Commissioner at Dawson, anterior to the receipt of the regulations, granted entries for claims having a frontage of 500 feet, being the frontage prescribed by former regulations ; that representations have been made to the Department of the Interior that persons are demanding that the frontage of the claims for which entries were granted be reduced from 500 to 250 feet, and the remaining 250 feet be opened for entry ; and that the Gold Commissioner has refused to comply with this demand.

The Minister is of the opinion that it would be unfair to those persons who received entries for claims having a frontage of 500 feet to be deprived of any portion of their claims, provided they are complying with the provisions of the regulations, and he recommends that the action taken by the Gold Commissioner be confirmed.

The Committee submit the same for Your Excellency's approval.

Clerk of the Privy Council.

Therefore His Excellency, by and with the advice of the Queen's Privy Council for Canada, is pleased to order, and it is hereby ordered accordingly, that the regulations and the amendments thereto which have been passed from time to time shall be held to have come into force upon the date of the receipt of the same by the Gold Commissioner.

His Excellency is further pleased to order that hereafter amendments or new regulations shall come into force on the date upon which they are received by the Gold Commissioner and posted in his office; and that it shall be the duty of the Gold Commissioner to post in a conspicuous place in his office a copy of any amendments or new regulations within twenty-four hours after receiving the same.

16. Chaque étudiant-ingénieur en entrant ou en revenant au collège préparatoire après les vacances, sera tenu de produire un certificat de santé, signé par son parent ou tuteur, pas plus tôt que la veille de son retour au collège préparatoire—à l'effet qu'à la connaissance de son parent ou tuteur il n'a pas été, pendant au moins trois semaines précédant immédiatement son retour, exposé à aucune maladie infectieuse, ni a entré dans aucune maison où une telle maladie existait. Un certificat, dressé en la forme nécessaire, sera envoyé à chaque parent, et à défaut par l'étudiant-ingénieur de produire ce certificat, dûment signé et rempli, à son retour au collège préparatoire, il sera passible d'être isolé jusqu'à ce que le certificat soit reçu.

17. Les étudiants ne perdront pas de paie lorsque en congé. Lorsqu'ils sont malades ou sont envoyés à l'hôpital pour des causes en dehors de leur contrôle, leur paie ne sera retranchée que s'ils sont absents six mois en tout dans toute période de douze mois. A l'expiration de ce temps un rapport spécial de chaque cas sera fait à Leurs Seigneuries.

18. Si après douze mois d'absence pour cause de maladie ou de blessure les étudiants sont rapportés comme permanemment ou vraisemblablement incapables d'entrer au service de Sa Majesté comme aides-ingénieurs ou aides-constructeurs, ils seront congédiés. Si, dans le cours de son apprentissage, il se développe chez l'étudiant quelque incapacité physique qui le rende impropre au service, il sera congédié.

19. Les étudiants seront sous la surveillance du surintendant de l'arsenal et d'un corps d'officiers, et soumis aux règles et règlements que Leurs Seigneuries jugeront nécessaires. Durant leur résidence au collège préparatoire, les étudiants seront soumis à la discipline navale, sous la surveillance de l'officier de la marine en charge du collège.

20. Durant leur cours préparatoire, les étudiants seront instruits dans les mathématiques, la physique, la chimie, et autres sujects théoriques concernant le génie, sous le contrôle du principal du collège, aidé d'un personnel d'instructeurs. Ils recevront une instruction pratique dans les ateliers et la salle de dessin, et apprendront la construction des navires en fer

à l'arsenal. Ils assisteront aux écoles pendant les périodes, et pour l'étude des sujets, qui seront fixées de temps à autre. Il leur sera fourni les moyens d'acquérir les bases fondamentales des connaissances réquises d'un ingénieur naval au sujet de la construction et de la réparation des machines et chaudières de marine, et des appareils s'y rattachant employés à bord, y compris les réparations qui peuvent être faites en mer, aussi de la construction et fonctionnement du mécanisme de l'éclairage électrique, des procédés frigorifiques, la pression de l'air, des torpilles et des canons, et de connaître généralement les devoirs d'un ingénieur naval.

Tandis que les étudiants-ingénieurs étudient la construction des navires en fer ils seront sous la direction du constructeur-chef.

21. Les cas des étudiants qui ne font pas de progrès satisfaisants et ne donnent aucun espoir de devenir des officiers capables, ou qui se rendent coupables d'inconduite persistante, seront renvoyés du service.

Dans le cas d'inconduite grave de la part d'étudiants-ingénieurs avancés qui ne serait pas de nature à nécessiter leur renvoi, leurs nominations comme aides-ingénieurs stagiaires seront retardées, pour la période que Leurs Seigneuries jugeront nécessaire, après avoir passé pour le grade d'aide-ingénieur stagiaire à la fin de leur cours d'instruction. Pendant cette période ils seront employés dans les ateliers seulement, et un rapport de leur conduite sera envoyé à l'Amirauté trimestriellement.

22. Les étudiants seront examinés deux fois par année sous la direction du président du Collège Royal de Marine Greenwich.

L'examen intermédiaire à la fin de la deuxième année de service sera comme suit, sauf les modifications qui pourront y être apportées à l'avenir :—

23. Les étudiants seront aussi examinés sur le génie et autres sujets pratiques à la fin de chaque année de service. A l'examen pratique à la fin de la deuxième année, ils devront obtenir 30 pour cent des points pour passer. Des prix seront décernés annuellement aux étudiants qui auront les meilleures notes quant à leur habileté comme ouvriers, et des prix pour distinction aux examens sur des sujets professionnels et éducationnels ; un certain degré de capacité dans les sujets éducationnels, et le génie pratique et la construction des navires respectivement, seront considérés essentiels à tous les examens.

24. Les étudiants qui échoueront dans l'un ou l'autre des examens intermédiaires sur l'éducation ou la pratique, seront renvoyés, à moins que de bonnes raisons ne soient données à Leurs Seigneuries pour ce manquement.

25. Les étudiants en construction navale au nombre de deux seulement par année seront choisis parmi les étudiants-ingénieurs qui ont fait preuve de capacité spéciale à la fin de leur deuxième année de service. Les étudiants en construction navale doivent, conjointement avec leurs parents ou tuteurs, fournir un cautionnement de £500 d'entrer, s'ils en sont requis, au service de Sa Majesté comme aides-constructeurs, si, à l'expiration de leur cours ils obtiennent des certificats de bonne conduite et d'efficacité pour entrer dans le service. Ils continueront sous la discipline navale jusqu'à leur entrée comme aides-constructeurs.

Une formule du cautionnement voulu est donnée dans l'annexe ci-jointe.

Un aide-constructeur n'aura pas la permission de quitter le service avant l'expiration de sept ans après qu'il a complété son terme au Collège Royal de Marine, à moins de payer la somme de £500. Le paiement de cette somme est dans le but de défrayer les frais encourus par le public pour son éducation.

26. Les étudiants en construction navale complèteront cinq ans de service au collège préparatoire, et seront assujétis aux mêmes conditions quant aux honoraires, solde, uniforme et autres détails que ceux prescrits par les présents règlements, ou qui pourront être prescrits de temps à autre pour les étudiants-ingénieurs. Leur cours d'instruction sera spécifié de temps à autre.

29. Afin d'être admis comme aides-ingénieurs stagiaires, les étudiants devront obtenir, à l'examen final, la proportion de points ci-dessous. Les présents règlements pourront être modifiés s'il y a lieu :—

Le degré d'excellence pour admission au Collège Royal de Marine sera de 60 pour cent ou plus, du grand total des sujets obligatoires et facultatifs. Ces certificats seront accordés selon le résultat obtenu à l'examen final.

Le degré d'excellence pour obtenir un certificat de 2e classe sera 50 pour cent au moins du total des sujets obligatoires.

Le degré d'excellence pour obtenir un certificat de 3e classe sera 30 pour cent du total des sujets obligatoires.

Les étudiants qui obtiennent moins de 30 pour cent du nombre total de points attribués au sujets obligatoires seront inéligibles comme aides-ingénieurs stagiaires.

30. Les étudiants-ingénieurs qui ne réussissent pas à passer l'examen final, seront renvoyés, à moins que Leurs Seigneuries ne jugent à propos de leur permettre de servir une autre année. S'ils manquent une seconde fois à la fin de la sixième année ils seront dans chaque cas renvoyés du service.

31. L'examen final des candidats sur les sujets professionnels et la connaissance des devoirs de la chambre de la machine, sera tenu par les officiers de la Réserve assez à temps pour que les certificats soient transmis à l'Amirauté pour le 9 de juin. Des certificats de capacité dans la main-d'œuvre pratique, signés par l'ingénieur-chef de l'arsenal, seront aussi transmis à la même date.

Ces certificats pratiques de la Réserve et de l'Arsenal seront marqués " Very Creditable," " Creditable" ou " Ordinary," suivant la capacité des candidats.

A défaut par les étudiants de passer ces examens ils seront passibles d'être renvoyés, ou il pourra leur être permis de servir pendant une autre période, n'excédant pas un an et ils pourront se présenter de nouveau à l'examen.

32. Les étudiants ne seront pas inscrits comme aides-ingénieurs stagiaires, ou aides-constructeurs stagiaires avant d'avoir appris à nager.

33. Les étudiants-ingénieurs qui passent les examens nécessaires seront inscrits comme aides-ingénieurs stagiaires le 1er juillet de l'année d'examen et seront nommés à un des vaisseaux de la réserve.

Les étudiants qui ont passé l'examen pour un autre cours d'instruction au Collège Royal de Marine s'y rendront le 1er d'octobre suivant leur examen.

34. Tous les aides-ingénieurs stagiaires seront confirmés au bout de leurs douze mois de stage si leur conduite et leur capacité sont certifiés comme satisfaisantes. La paie des aides-ingénieurs stagiaires sera de 6s. par jour, et ils recevront 1s. 6d. par jour au lieu de provisions, etc. Ceux qui obtiennent des certificats de 1re et de 2e classe pourront ajouter 12 mois et 6 mois de leur stage respectivement pour augmentation de solde de 6s. à 7s. 6d. par jour, et pour promotion au grade d'ingénieur ; et ceux qui ont des certificats de 3e classe et ont reçu de très bons certificats et de l'ingénieur en chef de l'Arsenal et des officiers de la Réserve, pourront compter trois mois de leur stage au même effet.

35. Si la conduite et les aptitudes de l'un quelconque des aides-ingénieurs stagiaires ne sont pas certifiés comme satisfaisants durant ces douze mois de stage, ou s'il manque de passer l'examen final au Collège Royal de Marine, sa commission sera retardée de six mois, ou pour telle autre période que décideront Leurs Seigneuries.

36. Quelques aides-ingénieurs seront choisis annuellement parmi ceux qui seront les premiers à l'examen à la fin de leur premier cours au Collège Royal de Marine afin de suivre un autre cours d'instruction pendant une seconde session. Lors de l'examen à la fin de la deuxième session, deux aides-ingénieurs ou plus pourront être choisis pour suivre une troisième et dernière session. Durant leurs deuxième et troisième sessions, les aides-ingénieurs recevront 7s. 6d. par jour, et 1s. 6d. par jour pour dépense de l'ordinaire. Quand ils auront complété leur trois sessions au collège, ils seront considérés habiles à remplir les vacances dans les emplois civils aux arsenaux et à l'Amirauté, après avoir servi pendant trois ans comme officier ingénieur d'un navire de haut bord.

37. L'examen final des étudiants en construction navale, à la fin de leur cinquième année, sera comme suit, sauf les modifications qui pourront y être apportées plus tard :—

38. Les étudiants en construction navale qui obtiennent 50 pour cent ou plus dans chaque groupe de sujets (A et B) seront éligibles à être inscrits comme aides-constructeurs stagiaires le 1er de juillet de l'année d'examen, et d'entrer au Collège Royal de Marine le 1er d'octobre suivant pour suivre les cours. Ceux qui manquent de passer le susdit examen seront passibles d'être renvoyés, ou traités selon que le décideront Leurs Seigneuries.

39. Après avoir terminé leur cours, les étudiants en construction navale demeureront et vivront à bord de la même manière que les aides-ingénieurs stagiaires pour un temps—

(*a*) dans le cas de ceux qui étudient pour admission au Collège Royal de Marine comme aides-constructeurs stagiaires ; jusqu'à ce qu'ils joignent le collège ;

(*b*) dans le cas de ceux qui manquent ; jusqu'à ce qu'il ait été rendu une décision à leur égard.

40. Les aides-constructeurs stagiaires qui, à la fin de la première session au Collège Royal de Marine, manquent d'obtenir un rapport satisfaisant de leurs aptitudes, seront requis de se retirer du service, et perdront le montant du cautionnement, ou moins selon que Leurs Seigneuries décideront de recouvrer, à moins que leur manquement ne soit dû à la maladie. La paie des aides-constructeurs stagiaires jusqu'au terme de leur cours au Collège Royal de Marine sera la même que celle des aides-ingénieurs stagiaires, et aides-ingénieurs dans le même service.

41. Les aides-constructeurs stagiaires seuls qui auront obtenu des certificats professionnels de première ou de seconde classe à leur examen final au Collège Royal de Marine seront admis dans le corps de constructeurs navals, leurs premières nominations étant celles d'aides-constructeurs de troisième classe.

42. Lorsqu'ils sont nommés aides-constructeurs de 3e classe en quittant le collège, ils cesseront d'être sous la discipline navale, sauf qu'ils auront à aller en mer pour un certain temps, si on l'exige.

43. Ceux qui obtiennent des certificats de troisième classe ne seront pas admis dans le corps, mais seront admissibles comme dessinateurs dans les arsenaux.

44. Chaque étudiant entrant dans le corps royal de constructeurs navals sera sujet à servir à toute station navale étrangère que l'Amirauté désignera.

45. La durée de service dans la troisième classe pour tous les aides-constructeurs sera de quatre ans. Si un rapport favorable est fait à la fin de cette période quant à leurs conduite, habilité et industrie, chaque officier sera susceptible de promotion à la seconde classe. La promotion des aides-constructeurs de la seconde à la première classe sera faite au choix. Les officiers qui auront obtenu des certificats de première classe à leur examen final au Collège Royal de Marine seront susceptibles d'être promus à la première classe s'ils reçoivent un rapport favorable, après cinq ans de service à compter de la date de leur sortie du collège, et ceux qui auront obtenu des certificats de seconde classe seront de même susceptibles de promotion après sept ans de service.

46. Les aides-ingénieurs qui auront passé leurs seconde et troisième sessions au Collège Royal de Marine seront attachés durant les vacances entre le 30 juin et le 1er d'octoblre aux arsenaux de la réserve, où ils seront employés à dessiner des machines, à assister aux épreuves de machines, et à acquérir les connaissances professionnelles les plus utiles pour le dessin des machines.

Les aides-constructeurs seront aussi attachés aux arsenaux durant les vacances, et seront employés à des devoirs découlant de leur position.

47. En entrant, les étudiants seront munis des articles d'uniforme suivants, selon les patrons prescrits dans les Règlements concernant les uniformes, 1891 :—

1 habit d'uniforme de petite tenue

2 habillements de corvée en serge bleue composés de 1 habit de petite tenue, 1 gilet et pantalons.

Au commencement de la quatrième année, les étudiants recevront de plus 1 frac d'uniforme et 1 gilet d'ordinaire.

Frac, habit de petite tenue et tunique.—Les mêmes que pour les commis, mais avec une bande de drap pourpre de ¼ pouce autour de chaque poignet, au lieu de drap blanc.

Les étudiants en construction navale porteront un drap gris argent autour de chaque poignet, au lieu de drap pourpre.

Le coût estimatif de l'uniforme ci-dessus, devant durer trois ans, avec soin, est d'environ £20 au plus.

Si un étudiant-ingénieur dans sa quatrième ou cinquième année de service, a besoin d'une nouvelle tunique d'uniforme, il pourra s'en procurer une croisée, semblable dans la forme à celle portée par un officier commissionné.

Des échantillons des habillements de corvée, et des manches de l'habit d'uniforme de petite tenue et de la tunique, sont conservés, et peuvent être vus à l'Amirauté, Whitehall, et au collège préparatoire pour les étudiants-ingénieurs à Keyham, Devonport.

49. Les étudiants fourniront leurs propres livres, et une liste leur en sera donnée lors de leur admission. Ils devront aussi fournir leur papeterie et matériel de dessin.

50. Afin d'éviter aux parents et tuteurs les ennuis et les dépenses de préparer des candidats pour entrer comme étudiants-ingénieurs dans la Marine de Sa Majesté qui seraient physiquement impropres au service, il est suggéré que les candidats soient soumis à un examen par le médecin de la famille, ou tout autre praticien en médecine, auquel les points suivants pourraient être exposés comme ceux sur lesquels les candidats seront examinés par les médecins de la marine. Qu'il soit bien entendu que cet examen particulier n'est suggéré que comme guide aux parents et tuteurs, et dans le but de diminuer les chances de désappointement ; l'intention n'est nullement qu'il remplace ou influe de quelque manière sur l'examen officiel physique régulier :—

* On pourra calculer le service subalterne d'après l'échelle suivante :—

Moins de 12 ans de service dans le grade subalterne, nil.

Plus de 12 ans de service dans le grade subalterne, un tiers de la période excédant 12 ans.

Le service subalterne se compose de tout le temps servi comme aide-ingénieur, et ingénieur, depuis l'âge de 20 ans.

Les officiers qui ont été passés pour inconduite ou manque de qualités pour promotion au grade ancien, mais qui sont promus plus tard, ne pourront compter leur service subalterne entre les dates sautées et les dates de leur promotion.

ÉMOLUMENT DE CHARGE.

Les officiers ingénieurs, lorsqu'ils sont en charge de machines de navires en commission, reçoivent un émolument de charge variant de 1s. à 9s. par jour, le taux pour chaque navire étant fixé par l'Amirauté.

Les ingénieurs anciens de navires en commission, ayant des machines de 3,000 chevaux-vapeur et plus, reçoivent 1s. de plus par jour.

Les officiers ingénieurs, lorsqu'ils ont la charge des machines de torpilleurs en commission, reçoivent un émolument de charge aux taux fixés par l'Amirauté.

Les ingénieurs ou aides-ingénieurs lorsqu'ils sont en charge des machines de torpilleurs en réserve, reçoivent un émolument de charge de 1s. par jour.

DEMI-ÉMOLUMENT DE CHARGE.

Sur les navires dans les réserves de la flotte et des arsenaux, la moitié de l'émolument de charge, et des allocations d'ingénieurs anciens, payables lorsqu'ils sont en commission, sera payée à leurs officiers ingénieurs ; mais dans le cas de navires ayant des machines de 2,000 chevaux-vapeur et moins, un émolument de charge au taux de 1s. par jour sera payé.

HAUTE PAIE.

Les inspecteurs-chefs et les inspecteurs de machines dans les réserves, reçoivent 3 shillings par jour de plus, en considération de leurs devoirs responsables.

Les ingénieurs-chefs de la flotte, de l'état-major et de vaisseau-amiral reçoivent 2s. 6d. à 5s. par jour de plus.

PROMOTION.

Les aides-ingénieurs, ayant les qualités voulues, peuvent être promus au grade d'ingénieur après cinq ans de service. Les aides-ingénieurs comptent le temps de leur stage pour augmentation de paie et pour promotion tel que dit au paragraphe 34 des présents règlements.

La promotion des ingénieurs, ingénieurs-chefs et inspecteurs de machines, dépend du nombre de vacances qui surviennent dans les divers grades supérieurs.

PENSION DE RETRAITE.

Le tableau ci-dessous indique l'âge de retraite auquel les officiers ingénieurs se retirent du service actif, et le maximum de pension de retraite de chaque grade :—

Grade à l'époque de retraite.	Age.		Maximum de la pension.
	Retraite facultative à l'âge de	Retraite compulsoire.	
Aides-ingénieurs..	....	40	£50 par année.
Ingénieurs.	....	45	£150 par année (méritant promotion). £130 par année (sans droit à la promotion).
		(Peuvent être retenus jusqu'à l'âge de 50.)	£187 10s. (méritant promotion). £162 10s. (sans droit à la promotion).
Ingénieurs-chefs, d'état-major et de flotte.........	50*	55	£450 par année.
Inspecteurs des machines	55	60	£500 par année.
Inspecteurs-chefs des machines...	55	60	£550 par année.

* La retraite facultative est suspendue pour le présent.

En atteignant le grade d'ingénieur-chef et ensuite, et à 40 ans ou plus, le montant de la paie de retraite dépend de l'âge et de la durée du service, le maximum pour chaque grade étant tel que ci-dessus, et le taux minimum le montant de la demi-solde de l'officier, d'après l'échelle donnée plus haut. La retraite se prend entre les âges donnés au tableau ci-dessus, sauf dans les cas suivants :—

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Attendu que par la clause 30 des règlements régissant les mines alluviales dans le territoire du Yukon, établis par l'arrêté en conseil du 18e jour de janvier 1898, il est établi qu'un droit régalien de dix pour cent sur l'or extrait sera prélevé et perçu sur le rendement brut de chaque emplacement, et que la somme de $2,500 sera déduite du rendement brut annuel d'un emplacement, lorsque se fera l'estimation du montant sur lequel le droit régalien doit être calculé ;

Et attendu qu'il est jugé de l'intérêt du public d'augmenter l'exemption mentionnée dans le paragraphe précédent,—

A ces causes, il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, et il est par le présent ordonné, que la somme de $5,000 sera déduite du rendement brut annuel de chaque emplacement minier dans le territoire du Yukon, lorsque se fera l'estimation du montant sur lequel le droit régalien doit être perçu.

Il plaît aussi à Son Excellence d'ordonner que cette exemption sera allouée sur le droit régalien perçu à compter de la date à laquelle une copie du présent arrêté en conseil sera reçue par le Commissaire des mines d'or à Dawson.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Considérant que par l'article 69 des Règlements miniers pour le Manitoba et les territoires du Nord-Ouest, y compris le territoire du Yukon, établis par l'arrêté en conseil du 21 de mars 1898, il est établi que le Régistrateur des mines aura le pouvoir d'entendre et de décider toutes contestations s'élevant dans son district au sujet des propriétés minières préalablement à la délivrance du titre de la Couronne, sauf appel par les parties au ministre de l'Intérieur ;

Et considérant que le major J. M. Walsh, l'ex-commissaire du territoire du Yukon, n'ayant pas reçu une copie du dit arrêté en conseil a, le 2 de juillet 1898, en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, modifié les Règlements miniers du 18 de janvier 1898, en y ajoutant certaines dispositions pour l'audition et la décison de toutes contestations au sujet de propriétés minières dans le territoire du Yukon,—

Il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que les susdits règlements émis par le major Walsh le 2 de juillet 1898, soient et ils sont par le présent rescindés, et que l'article 69 des Règlements miniers du 21 de mars 1898, mentionnés au paragraphe précédent, soit et il est par le présent modifié comme suit :—

"69. Le Commissaire des mines d'or et les Régistrateurs des mines auront chacun le pouvoir d'entendre et de décider toutes contestations au sujet des propriétés minières, sauf appel.

"(*a*) Dans le cas où l'appel serait interjeté de la décision d'un Régistrateur des mines, il sera entendu par le Commissaire des mines d'or ;

"(*b*) Dans le cas d'un appel de la décision du Commissaire des mines d'or, il sera entendu par le ministre de l'Intérieur du Canada ;

"(*c*) Un appel peut être porté devant le ministre de l'Intérieur non seulement des décisions du Commissaire des mines d'or, au sujet des causes originairement jugées par lui, mais aussi au sujet des causes décidées par lui sur appel des décisions des Régistrateurs des mines ;

"(*d*) Le Commissaire des mines d'or et les Régistrateurs des mines seront revêtus de tous les pouvoirs d'un juge de paix en ce qui concerne l'émission de subpœnas demandant la présence de témoins, et aussi quant à l'émission des mandats qui seront nécessaires pour contraindre les témoins refractaires à comparaître ;

"(*e*) Toutes matières, demandes, et différends concernant de quelque façon les inscriptions d'emplacements miniers en vertu de règlements, ou concernant de quelque façon les droits miniers sur les terres fédérales, qu'ils s'élèvent avant ou après l'entrée en vigueur du présent règlement, seront décidés par le Commissaire des mines d'or, ou les Régistrateurs des mines, sauf appel au ministre de l'Intérieur, tel qu'énoncé plus haut."

Mercredi, le 29e jour de mars 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Sur un rapport, daté le 6 de mars, 1899, au ministre de l'Intérieur, disant qu'en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, le major J. M. Walsh, Commissaire du territoire du Yukon, était autorisé à changer ou modifier tous règlements miniers émis en vertu de l'autorité du Gouverneur en conseil, régissant la concession d'emplacements miniers lorsqu'il jugera qu'un tel changement serait dans l'intérêt du public ; et que lorsque le major Wash était à Dawson il chargea le Commissaire des mines d'or de retirer des inscriptions tous les emplacements fractionnaires dans le territoire du Yukon, et aussi tous les emplacements de ruisseau non enregistrés sur le Dominion Creek dans le même territoire jusqu'à ce qu'il reçût des institutions du ministre de l'Intérieur à leur sujet.

Le Ministre recommande que l'action prise par l'ex-commissaire du territoire du Yukon soit confirmée, et que tous les emplacements fractionnaires dans le territoire du Yukon et les emplacements non enregistrés sur le Dominion Creek dans le dit territoire, soient réservés à la Couronne.

Le comité soumet ce qui prescrit à l'approbation de Votre Excellence.

Nul officier ou personne employé par le gouvernement du Canada en une qualité quelconque dans le territoire du Yukon, et nul officier ou membre de la milice ou de quelque force militaire stationné dans le territoire du Yukon, et nul officier ou membre de la police à cheval du Nord-Ouest stationné dans le territoire, ne jalonnera ni n'enregistrera en son propre nom, ou au nom de toute autre personne ou corporation pour son bénéfice, un emplacement minier dans le dit territoire, et nulle telle personne n'acquerra ni n'achètera de la couronne des terres fédérales dans le dit territoire du Yukon, et nulle telle personne n'acquerra par achat ou autrement un emplacement minier d'aucune sorte ou description que ce soit dans le dit territoire du Yukon.

2. Nulle personne à qui s'applique la défense contenue dans la clause précédente n'agira en qualité d'agent d'une personne ou corporation au sujet du jalonnement, enregistrement, achat ou acquisition d'un emplacement minier ou propriété minière ou de quelques terres fédérales dans le dit territoire.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il appert que des inscriptions d'emplacements miniers ont été accordées dans le territoire du Yukon par le Commissaire des mines d'or et les Régistrateurs des mines en conformité des dispositions de règlements qui dans le temps étaient en leur possession, mais qui auraient été modifiés, sans leur connaissance ; et

Attendu qu'on a prétendu que ces inscriptions ne sont pas valables, vu qu'elles n'ont pas été faites en vertu des règlements en vigueur lorsqu'elles ont été accordées,—

A ces causes il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, et il est par le présent ordonné, que les règlements et les modifications à iceux qui ont été passés de temps à autre, seront réputés être devenus exécutoires à la date de leur réception par le Commissaire des mines d'or.

Il plaît aussi à Son Excellence d'ordonner, qu'à l'avenir les modifications ou les nouveaux règlements deviendront en vigueur du jour où ils sont reçus par le Commissaire des mines d'or, et affichés dans son bureau ; et qu'il incombera au Commissaire des mines d'or d'afficher dans un endroit visible dans son bureau une copie de toutes modifications ou de nouveaux règlements sous vingt-quatre heures après les avoir reçus.

Mercredi, le 29e jour de mars 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 6 mars 1899, du ministre de l'Intérieur, énonçant que les règlements régissant les mines alluviales dans le territoire du Yukon, approuvés par arrêté en conseil du 18 de janvier 1898, établissent que le front d'un emplacement sera de 250 pieds ; qu'il appert que le Commissaire des mines d'or à Dawson, antérieurement à la réception des règlements, a accordé des inscriptions d'emplacements ayant un front de 500 pieds, étant le front prescrit par les anciens règlements ; que des représentations ont été faites au ministère de l'Intérieur à l'effet que ces personnes demandent que le front des emplacements pour lesquels des inscriptions ont été accordées soit réduit de 500 à 250 pieds, et que les autres 250 pieds restants soient ouverts aux inscriptions ; et que le Commissaire des mines d'or a refusé de ce rendre à cette demande,—

Le Ministre est d'avis qu'il serait injuste envers les personnes qui ont reçu des inscriptions pour des emplacements ayant un front de 500 pieds de les priver d'une partie quelconque de leurs emplacements, pourvu qu'elles se conforment aux règlements, et il recommande que l'action prise par le Commissaire des mines d'or soit confirmée.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1899, from the Minister of the Interior, stating that under the authority of an Order in Council dated 17th of August, 1897, Major J. M. Walsh, Commissioner of the Yukon Territory, was empowered to alter or amend any mining regulations issued under the authority of the Governor in Council governing the granting of mining claims where such change might be, in his opinion, necessary in the public interest; and that when Major Walsh was at Dawson he instructed the Gold Commissioner to withhold from entry all fractional claims in the Yukon Territory, and also all creek claims unrecorded on Dominion Creek in the same territory until he received instructions from the Minister of the Interior as to their disposal.

The Minister recommends that the action taken by the late Commissioner of the Yukon Territory, be confirmed, and that all fractional claims in the Yukon Territory and the unrecorded claims on Dominion Creek in the said Territory be reserved for the Crown.

The Committee submit the same for Your Excellency's approval.

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1899, from the Minister of the Interior, stating that the regulations governing Placer Mining in the Yukon Territory, approved by Order in Council, dated the 18th of January, 1898, provide that the frontage of a claim shall be 250 feet; that it appears the Gold Commissioner at Dawson, anterior to the receipt of the regulations, granted entries for claims having a frontage of 500 feet, being the frontage prescribed by former regulations; that representations have been made to the Department of the Interior that persons are demanding that the frontage of the claims for which entries were granted be reduced from 500 to 250 feet, and the remaining 250 feet be opened for entry; and that the Gold Commissioner has refused to comply with this demand.

The Minister is of the opinion that it would be unfair to those persons who received entries for claims having a frontage of 500 feet to be deprived of any portion of their claims, provided they are complying with the provisions of the regulations, and he recommends that the action taken by the Gold Commissioner be confirmed.

The Committee submit the same for Your Excellency's approval.

Et considérant que Notre Gouverneur général en conseil a bien voulu ordonner qu'une proclamation soit émise rescindant l'article sept des Règlements quarantenaires établis par l'arrêté de Notre Gouverneur général en conseil le dix-huitième jour d'août A.D. 1898, et le remplacer par l'article ci-dessous énoncé,—

Nulle personne qui sera à bord d'un vaisseau arrivant d'un port hors du Canada à une station de quarantaine organisée, ou qui aura monté à bord de tout tel vaisseau après telle arrivée et avant que ce vaisseau ait été inspecté par un officier de quarantaine dûment nommé, ne quittera ce vaisseau sans la permission de cet officier, tant que ce vaisseau n'aura pas été déclaré par cet officier exempt de maladie contagieuse. Et toute personne qui enfreindra ce règlement sera passible d'une amende n'excédant pas $400, et de l'emprisonnement pendant six mois."

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Tres-fidèle et Bien-aimé Cousin le Très Honorable Sir GILBERT JOHN ELLIOT MURRAY-KYNNYNMOND, Comte de Minto et Vicomte Melgund de Melgund, comté de Forfar, dans la pairie du Royaume-Uni, Baron Minto de Minto, comté de Roxburgh, dans la pairie de la Grande-Bretagne, Baronnet de la Nouvelle-Ecosse, Chevalier Grand-croix de Notre Ordre Très-distingué de Saint-Michel et Saint-George, etc., etc., Gouverneur Général du Canada.

Concernant l'admission d'étudiants-ingénieurs dans la marine de Sa Majesté et d'étudiants en construction navale.

(Les étudiants-ingénieurs sont dressés pour service à bord comme officiers-ingénieurs.)

(Les étudiants en construction navale sont dressés en vue de leur entrée dans le corps royal de constructeurs navals.)

1. Les nominations d'étudiants-ingénieurs auront lieu par concours public, sauf les exceptions ci-dessous :—

Trois brevets d'étudiants-ingénieurs seront donnés annuellement à des fils de gentilshommes dans les colonies, sur la recommandation du Secrétaire d'Etat pour les colonies.[*]

Les candidats de service, dont le nombre n'excèdera pas un cinquième du nombre total des étudiants-ingénieurs à admettre qui seront choisis par le Bureau de l'Amirauté parmi les fils d'officiers de l'armée, de la marine ou armée de marine qui ont été tués dans un engagement, ou qui ont été perdus en mer en service actif, ou tués en devoir, ou qui sont morts de blessures reçues dans un engagement ou de blessures reçues en devoir dans les six mois à dater de cet engagement ou cette blessure ; ou parmi le fils d'officiers de la marine ou de l'armée de marine qui ont servi longtemps et avec distinction.[†]

Les candidats coloniaux et de service seront admis en faisant preuve des qualités requises par le paragraphe 7, mais sous tous autres rapports ils seront soumis aux présents règlements.

Les candidats doivent être de pure origine européenne, et être les fils de sujets-nés britanniques ou de parents naturalisés dans le Royaume-Uni.

S'il s'élève quelque doute sur ce dernier point, le fardeau de prouver clairement qu'il a la qualité voulue, incombera au candidat même.

L'examen sur l'éducation de tous les candidats sera conduit par les Commissaires du Service Civil. Un honoraire de £1 sera exigé de chaque candidat.

2. La liste des candidats pour ces admissions par concours public sera gardée au bureau des Commissaires du Service Civil. Toutes demandes de formules à remplir par les personnes désirant concourir doivent être envoyées au *Secretary, Civil Service Commission, London, S.W.*, le ou après le premier de janvier de chaque année, et il faut veiller à ce que les formules une fois remplies soient renvoyées de manière qu'elles parviennent aux Commissaires du Service Civil le ou avant le 15 mars suivant, vu que les formules reçues après cette date seront mises de côté. La liste des candidats nommés sera gardée à l'Amirauté.

3. Les candidats ne devront pas être âgés de moins de quatorze ans et demi ni plus de seize ans et demi le premier jour de mai de l'année dans laquelle ils sont examinés.[‡]

4. Chaque candidat inscrit doit jouir d'une bonne santé et être exempt de tout défaut physique, bégaiement, mauvaise vue ou ouïe défectueuse et aussi de toute prédisposition à des maladies ou faiblesse constitutionnelle ou héréditaire, de toute sorte, et être sous tous les rapports bien développé et actif pour son âge. Il sera tenu de passer un examen médical suivant les

règlements prescrits, et doit avoir été trouvé physiquement propre à la marine.*

L'examen médical des candidats heureux aura lieu sous le contrôle de Leurs Seigneuries aussitôt que possible après que le résultat de l'examen sur l'éducation aura été connu.

Les candidats subiront l'examen médical à l'Amirauté à Londres, ou à un port de mer ou établissement, ou sur un des navires de Sa Majesté, qui sera choisi par l'Amirauté aussi près que possible de leur résidence. Tous les candidats lors de leur examen médical devront prouver à la satisfaction des officiers examinateurs qu'ils ont été revaccinés, ou bien ils devront être revaccinés avant qu'ils puissent être considérés éligibles pour entrer dans la marine de Sa Majesté.

5. L'examen sur l'éducation sera tenu à Londres, Liverpool, Portsmouth, Devonport, Birmingham, Manchester, Newcastle-on-Tyne, Edimbourg et Dublin, et aura lieu dans le mois d'avril de chaque année. On peut s'assurer de la date exacte en s'adressant au secrétaire, Commission du Service Civil, le ou après le premier de janvier chaque année. L'examen des candidats coloniaux qui résident à l'étranger sera conduit sous la surveillance du commandant en chef de la station navale la plus proche. Des arrangements convenables seront faits pour que les candidats reçoivent les papiers d'examen ; mais les points gagnés seront adjugés par les Commissaires du Service Civil, auxquels les papiers travaillés seront envoyés aussitôt que possible.

6. Les candidats seront examinés sur les sujets suivants.†

Ils seront censés prendre tous les sujets dans la classe I, et pourront aussi prendre le dessin et un autre sujet dans la classe II.

Pour être admis ils doivent obtenir un nombre collectif de points qui satisfaira les Commissaires du Service Civil.

7. Les candidats coloniaux et de service seront tenus d'atteindre, dans la classe I, le même degré d'aptitude que celui exigé des candidats qui suivent l'examen de concours.

8. Les candidats seront informés par une lettre de la Commission du Service Civil, du résultat de leur examen, sauf dans le cas des candidats coloniaux qui résident à l'étranger, lesquels seront informés par télégramme de l'Amirauté afin de leur permettre de joindre le collège préparatoire à Devonport, aussitôt que possible après avoir passé l'examen médical.

9. Le nombre des admissions qui seront faites chaque année, sera fixé par Leurs Seigneuries. Les candidats heureux seront inscrits comme étudiants-ingénieurs dans la marine de Sa Majesté, le 1er de juillet de chaque année et seront portés sur les livres du vaisseau de garde de la réserve à Devonport, pour des fins de discipline. La période d'étude sera de cinq ans.

10. Le parent ou tuteur de chaque étudiant-ingénieur inscrit en vertu des présents règlements sera tenu de payer la somme de £40 par année pour chaque année que l'étudiant restera à l'école. Les Lords Commissaires de l'Amirauté auront la faculté, toutefois, de choisir, parmi les étudiants inscrits à chaque examen annuel, un nombre, n'excédant pas cinq, étant fils d'officiers de la marine, de l'armée de terre, ou de l'ar-

mée de marine, ou des officiers civils sous le Bureau de l'Amirauté, au sujet desquels le paiement annuel ne sera que de £25 seulement. Leurs Seigneuries se réservent aussi le pouvoir de réduire encore cette dernière somme dans le cas de fils d'officiers *tués ou noyés, ou qui de toute autre manière ont perdu la vie en service.* En faisant leur choix, Leurs Seigneuries ne considéreront que les circonstances pécuniaires des parents ou tuteurs des étudiants.

11. Les paiements seront faits semi-annuellement, à l'avance, au caissier de l'arsenal de Sa Majesté à Devonport ; le premier paiement sera fait le ou avant le 1er de juillet, date de l'inscription de l'étudiant, et les autres paiements le ou avant le 1er de janvier et le 1er de juillet durant le restant du cours d'instruction de l'étudiant. Si un étudiant pour une cause quelconque quitte le service ou en est renvoyé, nulle partie des paiements faits pour lui ne sera remboursée.

12. Les parents ou tuteurs des étudiants seront aussi requis de procurer l'uniforme ou autres vêtements, blanchissage et choses nécessaires de chaque étudiant. L'Amirauté fournira les soins médicaux.

13. Durant leurs cours d'instruction, les étudiants résideront au collège préparatoire à Devonport. La pension leur sera fournie gratuitement.

14. La paie hebdomadaire des étudiants sera comme suit, à condition qu'ils aient de bonnes notes des officiers :

Première année	Un chelin	par semaine.
Deuxième "	Deux chelins	
Troisième "	Trois "	
Quatrième "	Cinq "	
Cinquième (et sixième année s'ils sont gardés)	Huit "	

15. Les vacances seront tel qu'énoncé plus bas. Les étudiants dont la conduite et le progrès auront été satisfaisants auront des congés pour de plus courtes période, au choix de l'Amiral surintendant.

Été	24	jours ouvrables.
Saint-Michel	3	" "
Noël	12	" "
Pâques	3	" "

16. Chaque étudiant-ingénieur en entrant ou en revenant au collège préparatoire après les vacances, sera tenu de produire un certificat de santé, signé par son parent ou tuteur, pas plus tôt que la veille de son retour au collège préparatoire—à l'effet qu'à la connaissance de son parent ou tuteur il n'a pas été, pendant au moins trois semaines précédant immédiatement son retour, exposé à aucune maladie infectieuse, ni a entré dans aucune maison où une telle maladie existait. Un certificat, dressé en la forme nécessaire, sera envoyé à chaque parent, et à défaut par l'étudiant-ingénieur de produire ce certificat, dûment signé et rempli, à son retour au collège préparatoire, il sera passible d'être isolé jusqu'à ce que le certificat soit reçu.

17. Les étudiants ne perdront pas de paie lorsque en congé. Lorsqu'ils sont malades ou sont envoyés à l'hôpital pour des causes en dehors de leur contrôle, leur paie ne sera retranchée que s'ils sont absents six mois en tout dans toute période de douze mois. A l'expiration de ce temps un rapport spécial de chaque cas sera fait à Leurs Seigneuries.

18. Si après douze mois d'absence pour cause de maladie ou de blessure les étudiants sont rapportés comme permanemment ou vraisemblablement incapables d'entrer au service de Sa Majesté comme aides-ingénieurs ou aides-constructeurs, ils seront congédiés. Si, dans le cours de son apprentissage, il se développe chez l'étudiant quelque incapacité physique qui le rende impropre au service, il sera congédié.

19. Les étudiants seront sous la surveillance du surintendant de l'arsenal et d'un corps d'officiers, et soumis aux règles et règlements que Leurs Seigneuries jugeront nécessaires. Durant leur résidence au collège préparatoire, les étudiants seront soumis à la discipline navale, sous la surveillance de l'officier de la marine en charge du collège.

20. Durant leur cours préparatoire, les étudiants seront instruits dans les mathématiques, la physique, la chimie, et autres sujets théoriques concernant le génie, sous le contrôle du principal du collège, aidé d'un personnel d'instructeurs. Ils recevront une instruction pratique dans les ateliers et la salle de dessin, et apprendront la construction des navires en fer à l'arsenal. Ils assisteront aux écoles pendant les périodes, et pour l'étude des sujets, qui seront fixées de temps à autre. Il leur sera fourni les moyens d'acquérir les bases fondamentales des connaissances requises d'un ingénieur naval au sujet de la construction et de la réparation des machines et chaudières de marine, et des appareils s'y rattachant employés à bord, y compris les réparations qui peuvent être faites en mer, aussi de la construction et fonctionnement du mécanisme de l'éclairage électrique, des procédés frigorifiques, la pression de l'air, des torpilles et des canons, et de connaître généralement les devoirs d'un ingénieur naval.

Tandis que les étudiants-ingénieurs étudient la construction des navires en fer ils seront sous la direction du constructeur-chef.

21. Les cas des étudiants qui ne font pas de progrès satisfaisants et ne donnent aucun espoir de devenir des officiers capables, ou qui se rendent coupables d'inconduite persistante, seront renvoyés du service.

Dans le cas d'inconduite grave de la part d'étudiants-ingénieurs avancés qui ne serait pas de nature à nécessiter leur renvoi, leurs nominations comme aides-ingénieurs stagiaires seront retardées, pour la période que Leurs Seigneuries jugeront nécessaire, après avoir passé pour le grade d'aide-ingénieur stagiaire à la fin de leur cours d'instruction. Pendant cette période ils seront employés dans les ateliers seulement, et un rapport de leur conduite sera envoyé à l'Amirauté trimestriellement.

22. Les étudiants seront examinés deux fois par année sous la direction du président du Collège Royal de Marine, Greenwich.

L'examen intermédiaire à la fin de la deuxième année de service sera comme suit, sauf les modifications qui pourront y être apportées à l'avenir :—

23. Les étudiants seront aussi examinés sur le génie et autres sujets pratiques à la fin de chaque année de service. A l'examen pratique à la fin de la deuxième année, ils devront obtenir 30 pour cent des points pour passer. Des prix seront décernés annuellement aux étudiants qui auront les meilleures notes quant à leur habileté comme ouvriers, et des prix pour distinction aux examens sur des sujets professionnels et éducationnels ; un certain degré de capacité dans les sujets éducationnels, et le génie pratique et la construction des navires respectivement, seront considérés essentiels à tous les examens.

24. Les étudiants qui échoueront dans l'un ou l'autre des examens intermédiaires sur l'éducation ou la pratique, seront renvoyés, à moins que de bonnes raisons ne soient données à Leurs Seigneuries pour ce manquement.

25. Les étudiants en construction navale au nombre de deux seulement par année seront choisis parmi les étudiants-ingénieurs qui ont fait preuve de capacité spéciale à la fin de leur deuxième année de service. Les étudiants en construction navale doivent, conjointement avec leurs parents ou tuteurs, fournir un cautionnement de £500 d'entrer, s'ils en sont requis, au service de Sa Majesté comme aides-constructeurs, si, à l'expiration de leur cours ils obtiennent des certificats de bonne conduite et d'efficacité pour entrer dans le service. Ils continueront sous la discipline navale jusqu'à leur entrée comme aides-constructeurs.

Une formule du cautionnement voulu est donnée dans l'annexe ci-jointe.

Un aide-constructeur n'aura pas la permission de quitter le service avant l'expiration de sept ans après qu'il a complété son terme au Collège Royal de Marine, à moins de payer la somme de £500. Le paiement de cette somme est dans le but de défrayer les frais encourus par le public pour son éducation.

26. Les étudiants en construction navale complèteront cinq ans de service au collège préparatoire, et seront assujétis aux mêmes conditions quant aux honoraires, solde, uniforme et autres détails que ceux prescrits par les présents règlements, ou qui pourront être prescrits de temps à autre pour les étudiants-ingénieurs. Leur cours d'instruction sera spécifié de temps à autre.

29. Afin d'être admis comme aides-ingénieurs stagiaires, les étudiants devront obtenir, à l'examen final, la proportion de points ci-dessous. Les présents règlements pourront être modifiés s'il y a lieu :—

Le degré d'excellence pour admission au Collège Royal de Marine sera de 60 pour cent ou plus, du grand total des sujets obligatoires et facultatifs. Ces certificats seront accordés selon le résultat obtenu à l'examen final.

Le degré d'excellence pour obtenir un certificat de 2e classe sera 50 pour cent au moins du total des sujets obligatoires.

Le degré d'excellence pour obtenir un certificat de 3e classe sera 30 pour cent du total des sujets obligatoires.

Les étudiants qui obtiennent moins de 30 pour cent du nombre total de points attribués au sujets obligatoires seront inéligibles comme aides-ingénieurs stagiaires.

30. Les étudiants-ingénieurs qui ne réussissent pas à passer l'examen final, seront renvoyés, à moins que Leurs Seigneuries ne jugent à propos de leur permettre de servir une autre année. S'ils manquent une seconde fois à la fin de la sixième année ils seront dans chaque cas renvoyés du service.

31. L'examen final des candidats sur les sujets professionnels et la connaissance des devoirs de la chambre de la machine, sera tenu par les officiers de la Réserve assez à temps pour que les certificats soient transmis à l'Amirauté pour le 9 de juin. Des certificats de capacité dans la main-d'œuvre pratique, signés par l'ingénieur-chef de l'arsenal, seront aussi transmis à la même date.

Ces certificats pratiques de la Réserve et de l'Arsenal seront marqués "Very Creditable," "Creditable" ou "Ordinary," suivant la capacité des candidats.

A défaut par les étudiants de passer ces examens ils seront passibles d'être renvoyés, ou il pourra leur être permis de servir pendant une autre période, n'excédant pas un an et ils pourront se présenter de nouveau à l'examen.

32. Les étudiants ne seront pas inscrits comme aides-ingénieurs stagiaires, ou aides-constructeurs stagiaires avant d'avoir appris à nager.

33. Les étudiants-ingénieurs qui passent les examens nécessaires seront inscrits comme aides-ingénieurs stagiaires le 1er juillet de l'année d'examen et seront nommés à un des vaisseaux de la réserve.

Les étudiants qui ont passé l'examen pour un autre cours d'instruction au Collège Royal de Marine s'y rendront le 1er d'octobre suivant leur examen.

34. Tous les aides-ingénieurs stagiaires seront confirmés au bout de leurs douze mois de stage si leur conduite et leur capacité sont certifiés comme satisfaisantes. La paie des aides-ingénieurs stagiaires sera de 6s. par jour, et ils recevront 1s. 6d. par jour au lieu de provisions, etc. Ceux qui obtiennent des certificats de 1re et de 2e classe pourront ajouter 12 mois et 6 mois de leur stage respectivement pour augmentation de solde de 6s. à 7s. 6d. par jour, et pour promotion au grade d'ingénieur ; et ceux qui ont des certificats de 3e classe et ont reçu de très bons certificats et de l'ingénieur en chef de l'Arsenal et des officiers de la Réserve, pourront compter trois mois de leur stage au même effet.

35. Si la conduite et les aptitudes de l'un quelconque des aides-ingénieurs stagiaires ne sont pas certifiés comme satisfaisants durant ces douze mois de stage, ou s'il manque de passer l'examen final au Collège Royal de Marine, sa commission sera retardée de six mois, ou pour telle autre période que décideront Leurs Seigneuries.

36. Quelques aides-ingénieurs seront choisis annuellement parmi ceux qui seront les premiers à l'examen à la fin de leur premier cours au Collège Royal de Marine afin de suivre un autre cours d'instruction pendant une seconde session. Lors de l'examen à la fin de la deuxième session, deux aides-ingénieurs ou plus pourront être choisis pour suivre une troisième et dernière session. Durant leurs deuxième et troisième sessions, les aides-ingénieurs recevront 7s. 6d. par jour, et 1s. 6d. par jour pour dépense de l'ordinaire. Quand ils auront complété leur trois sessions au collège, ils seront considérés habiles à remplir les vacances dans les emplois civils aux arsenaux et à l'Amirauté, après avoir servi pendant trois ans comme officier ingénieur d'un navire de haut bord.

37. L'examen final des étudiants en construction navale, à la fin de leur cinquième année, sera comme suit, sauf les modifications qui pourront y être apportées plus tard :—

sujets (A et B) seront éligibles à être inscrits comme aides-constructeurs stagiaires le 1er de juillet de l'année d'examen, et d'entrer au Collège Royal de Marine le 1er d'octobre suivant pour suivre les cours. Ceux qui manquent de passer le susdit examen seront passibles d'être renvoyés, ou traités selon que le décideront Leurs Seigneuries.

39. Après avoir terminé leur cours, les étudiants en construction navale demeureront et vivront à bord de la même manière que les aides-ingénieurs stagiaires pour un temps—

(*b*) dans le cas de ceux qui manquent ; jusqu'à ce qu'il ait été rendu une décision à leur égard.

40. Les aides-constructeurs stagiaires qui, à la fin de la première session au Collège Royal de Marine, manquent d'obtenir un rapport satisfaisant de leurs aptitudes, seront requis de se retirer du service, et perdront le montant du cautionnement, ou moins selon que Leurs Seigneuries décideront de recouvrer, à moins que leur manquement ne soit dû à la maladie. La paie des aides-constructeurs stagiaires jusqu'au terme de leur cours au Collège Royal de Marine sera la même que celle des aides-ingénieurs stagiaires, et aides-ingénieurs dans le même service.

41. Les aides constructeurs stagiaires seuls qui auront obtenu des certificats professionnels de première ou de seconde classe à leur examen final au Collège Royal de Marine seront admis dans le corps de constructeurs navals, leurs premières nominations étant celles d'aides-constructeurs de troisième classe.

42. Lorsqu'ils sont nommés aides-constructeurs de 3e classe en quittant le collège, ils cesseront d'être sous la discipline navale, sauf qu'ils auront à aller en mer pour un certain temps, si on l'exige.

43. Ceux qui obtiennent des certificats de troisième classe ne seront pas admis dans le corps, mais seront admissibles comme dessinateurs dans les arsenaux.

44. Chaque étudiant entrant dans le corps royal de constructeurs navals sera sujet à servir à toute station navale étrangère que l'Amirauté désignera.

45. La durée de service dans la troisième classe pour tous les aides-constructeurs sera de quatre ans. Si un rapport favorable est fait à la fin de cette période quant à leurs conduite, habilité et industrie, chaque officier sera susceptible de promotion à la seconde classe. La promotion des aides-constructeurs de la seconde à la première classe sera faite au choix. Les officiers qui auront obtenu des certificats de première classe à leur examen final au Collège Royal de Marine seront susceptibles d'être promus à la première classe s'ils reçoivent un rapport favorable, après cinq ans de service à compter de la date de leur sortie du collège, et ceux qui auront obtenu des certificats de seconde classe seront de même susceptibles de promotion après sept ans de service.

46. Et considérant que le major J. M. Walsh, l'ex-commissaire du territoire du Yukon, n'ayant pas reçu une copie du dit arrêté en conseil a, le 2 de juillet 1898, en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, modifié les Règlements miniers du 18 de janvier 1898, en y ajoutant certaines dispositions pour l'audition et la décison de toutes contestations au sujet de propriétés minières dans le territoire du Yukon,—

Il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que les susdits règlements émis par le major Walsh le 2 de juillet 1898, soient et ils sont par le présent rescindés, et que l'article 69 des Règlements miniers du 21 de mars 1898, mentionnés au paragraphe précédent, soit et il est par le présent modifié comme suit :—

"69. Le Commissaire des mines d'or et les Régistrateurs des mines auront chacun le pouvoir d'entendre et de décider toutes contestations au sujet des propriétés minières, sauf appel.

"(*a*) Dans le cas où l'appel serait interjeté de la décision d'un Régistrateur des mines, il sera entendu par le Commissaire des mines d'or ;

"(*b*) Dans le cas d'un appel de la décision du Commissaire des mines d'or, il sera entendu par le ministre de l'Intérieur du Canada ;

"(*c*) Un appel peut être porté devant le ministre de l'Intérieur non seulement des décisions du Commissaire des mines d'or, au sujet des causes originairement jugées par lui, mais aussi au sujet des causes décidées par lui sur appel des décisions des Régistrateurs des mines ;

"(*d*) Le Commissaire des mines d'or et les Régistrateurs des mines seront revêtus de tous les pouvoirs d'un juge de paix en ce qui concerne l'émission de subpœnas demandant la présence de témoins, et aussi quant à l'émission des mandats qui seront nécessaires pour contraindre les témoins réfractaires à comparaître ;

"(*e*) Toutes matières, demandes, et différends concernant de quelque façon les inscriptions d'emplacements miniers en vertu de règlements, ou concernant de quelque façon les droits miniers sur les terres fédérales, qu'ils s'élèvent avant ou après l'entrée en vigueur du présent règlement, seront décidés par le Commissaire des mines d'or, ou les Régistrateurs des mines, sauf appel au ministre de l'Intérieur, tel qu'énoncé plus haut."

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 6 de mars, 1899, au ministre de l'Intérieur, disant qu'en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, le major J. M. Walsh, Commissaire du territoire du Yukon, était autorisé à changer ou modifier tous règlements miniers émis en vertu de l'autorité du Gouverneur en conseil, régissant la concession d'emplacements miniers lorsqu'il jugera qu'un tel changement serait dans l'intérêt du public ; et que lorsque le major Wash était à Dawson il chargea le Commissaire des mines d'or de retirer des inscriptions tous les emplacements fractionnaires dans le territoire du Yukon, et aussi tous les emplacements de ruisseau non enregistrés sur le Dominion Creek dans le même territoire jusqu'à ce qu'il reçût des institutions du ministre de l'Intérieur à leur sujet.

Le Ministre recommande que l'action prise par l'ex-commissaire du territoire du Yukon soit confirmée, et que tous les emplacements fractionnaires dans le territoire du Yukon et les emplacements non enregistrés sur le Dominion Creek dans le dit territoire, soient réservés à la Couronne.

Le comité soumet ce qui prescrit à l'approbation de Votre Excellence.

JOHN J. McGEE,
42–4 Greffier du Conseil privé.

2. Nulle personne à qui s'applique la défense contenue dans la clause précédente n'agira en qualité d'agent d'une personne ou corporation au sujet du jalonnement, enregistrement, achat ou acquisition d'un emplacement minier ou propriété minière ou de quelques terres fédérales dans le dit territoire.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il appert que des inscriptions d'emplacements miniers ont été accordées dans le territoire du Yukon par le Commissaire des mines d'or et les Régistrateurs des mines en conformité des dispositions de règlements qui dans le temps étaient en leur possession, mais qui auraient été modifiés, sans leur connaissance ; et

Attendu qu'on a prétendu que ces inscriptions ne sont pas valables, vu qu'elles n'ont pas été faites en vertu des règlements en vigueur lorsqu'elles ont été accordées,—

A ces causes il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, et il est par le présent ordonné, que les règlements et les modifications à iceux qui ont été passés de temps à autre, seront réputés être devenus exécutoires à la date de leur réception par le Commissaire des mines d'or.

Il plaît aussi à Son Excellence d'ordonner, qu'à l'avenir les modifications ou les nouveaux règlements deviendront en vigueur du jour où ils sont reçus par le Commissaire des mines d'or, et affichés dans son bureau ; et qu'il incombera au Commissaire des mines d'or d'afficher dans un endroit visible dans son bureau une copie de toutes modifications ou de nouveaux règlements sous vingt-quatre heures après les avoir reçus.

HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 29e jour de mars 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 6 mars 1899, du ministre de l'Intérieur, énonçant que les règlements régissant les mines alluviales dans le territoire du Yukon, approuvés par arrêté en conseil du 18 de janvier 189-, établissent que le front d'un emplacement sera de 250 pieds ; qu'il appert que le Commissaire des mines d'or à Dawson, antérieurement à la réception des règlements, a accordé des inscriptions d'emplacements ayant un front de 500 pieds, étant le front prescrit par les anciens règlements ; que des représentations ont été faites au ministère de l'Intérieur à l'effet que ces personnes demandent que le front des emplacements pour lesquels des inscriptions ont été accordées soit réduit de 500 à 250 pieds, et que les autres 250 pieds restants soient ouverts aux inscriptions ; et que le Commissaire des mines d'or a refusé de ce rendre à cette demande,—

Le Ministre est d'avis qu'il serait injuste envers les personnes qui ont reçu des inscriptions pour des emplacements ayant un front de 500 pieds de les priver d'une partie quelconque de leurs emplacements, pourvu qu'elles se conforment aux règlements, et il recommande que l'action prise par le Commissaire des mines d'or soit confirmée.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1899, from the Minister of the Interior, stating that under the authority of an Order in Council dated 17th of August, 1897, Major J. M. Walsh, Commissioner of the Yukon Territory, was empowered to alter or amend any mining regulations issued under the authority of the Governor in Council governing the granting of mining claims where such change might be, in his opinion, necessary in the public interest ; and that when Major Walsh was at Dawson he instructed the Gold Commissioner to withhold from entry all fractional claims in the Yukon Territory, and also all creek claims unrecorded on Dominion Creek in the same territory until he received instructions from the Minister of the Interior as to their disposal.

The Minister recommends that the action taken by the late Commissioner of the Yukon Territory, be confirmed, and that all fractional claims in the Yukon Territory and the unrecorded claims on Dominion Creek in the said Territory be reserved for the Crown.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,

Wednesday, the 29th day of March, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report, dated 6th March, 1899, from the Minister of the Interior, stating that the regulations governing Placer Mining in the Yukon Territory, approved by Order in Council, dated the 18th of January, 1898, provide that the frontage of a claim shall be 250 feet ; that it appears the Gold Commissioner at Dawson, anterior to the receipt of the regulations, granted entries for claims having a frontage of 500 feet, being the frontage prescribed by former regulations ; that representations have been made to the Department of the Interior that persons are demanding that the frontage of the claims for which entries were granted be reduced from 500 to 250 feet, and the remaining 250 feet be opened for entry ; and that the Gold Commissioner has refused to comply with this demand.

The Minister is of the opinion that it would be unfair to those persons who received entries for claims having a frontage of 500 feet to be deprived of any portion of their claims, provided they are complying with the provisions of the regulations, and he recommends that the action taken by the Gold Commissioner be confirmed.

The Committee submit the same for Your Excellency's approval.

42–4 Clerk of the Privy Council.

Therefore His Excellency, by and with the advice of the Queen's Privy Council for Canada, is pleased to order, and it is hereby ordered accordingly, that the regulations and the amendments thereto which have been passed from time to time shall be held to have come into force upon the date of the receipt of the same by the Gold Commissioner.

His Excellency is further pleased to order that hereafter amendments or new regulations shall come into force on the date upon which they are received by the Gold Commissioner and posted in his office ; and that it shall be the duty of the Gold Commissioner to post in a conspicuous place in his office a copy of any amendments or new regulations within twenty-four hours after receiving the same.

NOTICE TO MARINERS.

GOVERNMENT RIFLE RANGES, MCNAB'S ISLAND.

Owing to the extreme range of the Lee-Metford or Magazine Rifle, with which the musketry training of the troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys, placed at intervals between the Thrum Cap Shoal and the Eastern Passage, at a distance of 3,000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys, during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab's Island is left flying.

This notice will have effect from the 11th May, 1899.

NOTICE TO MARINERS.

No. 16 of 1899.

DOMINION OF CANADA.—QUEBEC.

CHANGE IN PLATON BEACONS. NEW RANGE LIGHTS.

The back day beacon on the high land at Platon, river St. Lawrence between Quebec and Montreal, which, in one with the front beacon on the edge of the cliff, marked the dredged channel through Barre à Boulard, has been taken down.

The front day beacon, on the edge of the cliff, has been moved 50 feet southwardly, at right angles to the line of range, and in its new position will be used in one with a new lighthouse, hereinafter described, located on Richelieu island reef, to mark the axis of the 500 feet wide dredged channel through Barre à Boulard.

The beacon is rectangular, 12 wide by 14 feet high, supported on two posts standing 35 feet above the ground. It is painted white, with a black stripe 3½ feet wide down the middle. Its top is 145 feet above high water mark.

Between the feet of the beacon and in the axis of the range is a small light building, showing a face 7 feet wide by 10 feet high painted white with a black stripe 3½ feet wide down the middle of the side facing the channel. From a window in the face of this building will be shown a fixed red catoptric light, elevated 118 feet above high water mark, which should be visible 11 miles in. and over a small arc on each side of the line of range.

Lat.	N.	46°	39'	37"
Long.	W.	71°	52'	43"

This light will be known temporarily as Barre à Boulard back range light.

The front range beacon and lighthouse is located in the axis of the Barre à Boulard dredged channel, on Richelieu island reef, and is distant 10,400 feet S. 70° W. (S. 53° 40' W. true) from the back lighthouse hereinbefore described. It is also distant 1140 feet N. 23° 30' E. (N. 7° 10' E. true) from Richelieu island lighthouse.

When completed it will consist of an octagonal, wooden, pyramidal tower, surmounted by an iron lantern, standing upon a steel-encased concrete pier, circular in plan. The pier is painted red brown, and the tower will be painted white, with the iron lantern and the lantern base red. The top of the pier is 10 feet above high water mark and the height of the tower, from the pier to the vane on the lantern, will be 42 feet. The tower is at present only in frame, but with the pier is sufficiently conspicuous to serve as a day beacon.

Until it is completed a temporary light will be shown from an anchor lens lantern placed on top of the framework.

It will a be fixed red light, elevated 40 feet above high water mark, and should be visible 7 miles from all points of approach by water. The illuminating apparatus is dioptric, of the seventh order.

The two lights in one, bearing W. by S. ¾ S. (S. 70° W. true) lead through the axis of the 500 feet wide channel through Barre à Boulard, 250 feet from either bank. The alignment is parallel to and 50 feet south of the alignment of the old Platon day bacons. It leads up through the wide channel west of Barre à Boulard nearly to Batture Simon red buoy. After passing this buoy the lights must be gradually closed until Cap Charles front light and day beacon are brought in one to lead through Horseback bar channel.

The ends of the south edge of Barre à Boulard dredged cut will be marked by large black can buoys.

The above temporary lights will be put in operation immediately. When the front lighthouse is completed, and when pilots are accustomed to the use of the new range, it is proposed to extinguish the Platon range lights and to make the lights of the new range white lights. Of this, due notice will be given.

This notice affects Admiralty charts Nos. 797, 2778 and 2030a ; Montreal Harbour Commissioners' ship channel chart Nos. 16 and 17 ; St. Lawrence Pilot, Vol. 1, 1894, page 339 ; and the substance of it should be entered in the Canadian List of Lights and Fog Signals, 1898, between Nos. 678 and 679.

RÈGLEMENTS

Concernant l'admission d'étudiants-ingénieurs dans la marine de Sa Majesté et d'étudiants en construction navale.

(*Les étudiants-ingénieurs sont dressés pour service à bord comme officiers-ingénieurs.*)

(*Les étudiants en construction navale sont dressés en vue de leur entrée dans le corps royal de constructeurs navals.*)

1. Les nominations d'étudiants-ingénieurs auront lieu par concours public, sauf les exceptions ci-dessous :—

Trois brevets d'étudiants-ingénieurs seront donnés annuellement à des fils de gentilshommes dans les colonies, sur la recommandation du Secrétaire d'Etat pour les colonies.[*]

Les candidats de service, dont le nombre n'excèdera pas un cinquième du nombre total des étudiants-ingénieurs à admettre qui seront choisis par le Bureau de l'Amirauté parmi les fils d'officiers de l'armée, de la marine ou armée de marine qui ont été tués dans un engagement, ou qui ont été perdus en mer en service actif, ou tués en devoir, ou qui sont morts de blessures reçues dans un engagement ou de blessures reçues en devoir dans les six mois à dater de cet engagement ou cette blessure ; ou parmi le fils d'officiers de la marine ou de l'armée de marine qui ont servi longtemps et avec distinction.[†]

Les candidats coloniaux et de service seront admis en faisant preuve des qualités requises par le paragraphe 7. mais sous tous autres rapports ils seront soumis aux présents règlements.

Les candidats doivent être de pure origine européenne, et être les fils de sujets-nés britanniques ou de parents naturalisés dans le Royaume-Uni.

S'il s'élève quelque doute sur ce dernier point, le fardeau de prouver clairement qu'il a la qualité voulue, incombera au candidat même.

L'examen sur l'éducation de tous les candidats sera conduit par les Commissaires du Service Civil. Un honoraire de £1 sera exigé de chaque candidat.

2. La liste des candidats pour ces admissions par concours public sera gardée au bureau des Commissaires du Service Civil. Toutes demandes de formules à remplir par les personnes désirant concourir doivent être envoyées au *Secretary, Civil Service Commission, London, S.W.*, le ou après le premier de janvier de chaque année, et il faut veiller à ce que les formules une fois remplies soient renvoyées de manière qu'elles parviennent aux Commissaires du Service Civil le ou avant le 15 mars suivant, vu que les formules reçues après cette date seront mises de côté. La liste des candidats nommés sera gardée à l'Amirauté.

3. Les candidats ne devront pas être âgés de moins de quatorze ans et demi ni plus de seize ans et demi le premier jour de mai de l'année dans laquelle ils sont examinés.[‡]

Des certificats d'âge et de mœurs ne seront pas exigés avant l'examen, mais les candidats heureux ne seront éligibles pour admission qu'après avoir fourni des preuves sous ce rapport aux Commissaires du Service Civil.

4. Chaque candidat inscrit doit jouir d'une bonne santé et être exempt de tout défaut physique, bégaiement, mauvaise vue ou ouïe défectueuse et aussi de toute prédisposition à des maladies ou faiblesse constitutionnelle ou héréditaire, de toute sorte, et être sous tous les rapports bien développé et actif pour son âge. Il sera tenu de passer un examen médical suivant les règlements prescrits, et doit avoir été trouvé physiquement propre à la marine.[*]

L'examen médical des candidats heureux aura lieu sous le contrôle de Leurs Seigneuries aussitôt que possible après que le résultat de l'examen sur l'éducation aura été connu.

Les candidats subiront l'examen médical à l'Amirauté à Londres, ou à un port de mer ou établissement, ou sur un des navires de Sa Majesté, qui sera choisi par l'Amirauté aussi près que possible de leur résidence. Tous les candidats lors de leur examen médical devront prouver à la satisfaction des officiers examinateurs qu'ils ont été revaccinés, ou bien ils devront être revaccinés avant qu'ils puissent être considérés éligibles pour entrer dans la marine de Sa Majesté.

5. L'examen sur l'éducation sera tenu à Londres, Liverpool, Portsmouth, Devonport, Birmingham, Manchester, Newcastle-on-Tyne, Edimbourg et Dublin, et aura lieu dans le mois d'avril de chaque année. On peut s'assurer de la date exacte en s'adressant au secrétaire, Commission du Service Civil, le ou après le premier de janvier chaque année. L'examen des candidats coloniaux qui résident à l'étranger sera conduit sous la surveillance du commandant en chef de la station navale la plus proche. Des arrangements convenables seront faits pour que les candidats reçoivent les papiers d'examen ; mais les points gagnés seront adjugés par les Commissaires du Service Civil, auxquels les papiers travaillés seront envoyés aussitôt que possible.

6. Les candidats seront examinés sur les sujets suivants.[†]

Ils seront censés prendre tous les sujets dans la classe I, et pourront aussi prendre le dessin et un autre sujet dans la classe II.

Pour être admis ils doivent obtenir un nombre collectif de points qui satisfaira les Commissaires du Service Civil.

7. Les candidats coloniaux et de service seront tenus d'atteindre, dans la classe I, le même degré d'aptitude que celui exigé des candidats qui suivent l'examen de concours.

8. Les candidats seront informés par une lettre de la Commission du Service Civil, du résultat de leur examen, sauf dans le cas des candidats coloniaux qui résident à l'étranger, lesquels seront informés par télégramme de l'Amirauté afin de leur permettre de joindre le collège préparatoire à Devonport, aussitôt que possible après avoir passé l'examen médical.

9. Le nombre des admissions qui seront faites chaque année, sera fixé par Leurs Seigneuries. Les candidats heureux seront inscrits comme étudiants-ingénieurs dans la marine de Sa Majesté, le 1er de juillet de chaque année et seront portés sur les livres du vaisseau de garde de la réserve à Devonport, pour des fins de discipline. La période d'étude sera de cinq ans.

10. Le parent ou tuteur de chaque étudiant-ingénieur inscrit en vertu des présents règlements sera tenu de payer la somme de £40 par année pour chaque année que l'étudiant restera à l'école. Les Lords Commissaires de l'Amirauté auront la faculté, toutefois, de choisir, parmi les étudiants inscrits à chaque examen annuel, un nombre, n'excédant pas cinq, étant fils d'officiers de la marine, de l'armée de terre, ou de l'armée de marine, ou des officiers civils sous le Bureau de l'Amirauté, au sujet desquels le paiement annuel ne sera que de £25 seulement. Leurs Seigneuries se réservent aussi le pouvoir de réduire encore cette dernière somme dans le cas de fils d'officiers *tués ou noyés, ou qui de toute autre manière ont perdu la vie en service.* En faisant leur choix, Leurs Seigneuries ne considéreront que les circonstances pécuniaires des parents ou tuteurs des étudiants.

11. Les paiements seront faits semi-annuellement, à l'avance, au caissier de l'arsenal de Sa Majesté à Devonport ; le premier paiement sera fait le ou avant le 1er de juillet, date de l'inscription de l'étudiant, et les autres paiements le ou avant le 1er de janvier et le 1er de juillet durant le restant du cours d'instruction de l'étudiant. Si un étudiant pour une cause quelconque quitte le service ou en est renvoyé, nulle partie des paiements faits pour lui ne sera remboursée.

12. Les parents ou tuteurs des étudiants seront aussi requis de procurer l'uniforme ou autres vêtements, blanchissage et choses nécessaires de chaque étudiant. L'Amirauté fournira les soins médicaux.

13. Durant leurs cours d'instruction, les étudiants résideront au collège préparatoire à Devonport. La pension leur sera fournie gratuitement.

14. La paie hebdomadaire des étudiants sera comme suit, à condition qu'ils aient de bonnes notes des officiers :

Première année	Un chelin	par semaine.
Deuxième "	Deux chelins	
Troisième "	Trois "	
Quatrième "	Cinq "	
Cinquième (et sixième année s'ils sont gardés)	Huit "	

15. Les vacances seront tel qu'énoncé plus bas. Les étudiants dont la conduite et le progrès auront été satisfaisants auront des congés pour de plus courtes période, au choix de l'Amiral surintendant.

Été	24	jours	ouvrables.
Saint-Michel	3	"	"
Noël	12	"	"
Pâques	3	"	"

16. Chaque étudiant-ingénieur en entrant ou en revenant au collège préparatoire après les vacances, sera tenu de produire un certificat de santé, signé par son parent ou tuteur, pas plus tôt que la veille de son retour au collège préparatoire—à l'effet qu'à la connaissance de son parent ou tuteur il n'a pas été, pendant au moins trois semaines précédant immédiatement son retour, exposé à aucune maladie infectieuse, ni a entré dans aucune maison où une telle maladie existait. Un certificat, dressé en la forme nécessaire, sera envoyé à chaque parent, et à défaut par l'étudiant-ingénieur de produire ce certificat, dûment signé et rempli, à son retour au collège préparatoire, il sera passible d'être isolé jusqu'à ce que le certificat soit reçu.

17. Les étudiants ne perdront pas de paie lorsque en congé. Lorsqu'ils sont malades ou sont envoyés à l'hôpital pour des causes en dehors de leur contrôle, leur paie ne sera retranchée que s'ils sont absents six mois en tout dans toute période de douze mois. A l'expiration de ce temps un rapport spécial de chaque cas sera fait à Leurs Seigneuries.

18. Si après douze mois d'absence pour cause de maladie ou de blessure les étudiants sont rapportés comme permanemment ou vraisemblablement incapables d'entrer au service de Sa Majesté comme aides-ingénieurs ou aides-constructeurs, ils seront congédiés. Si, dans le cours de son apprentissage, il se développe chez l'étudiant quelque incapacité physique qui le rende impropre au service, il sera congédié.

19. Les étudiants seront sous la surveillance du surintendant de l'arsenal et d'un corps d'officiers, et soumis aux règles et règlements que Leurs Seigneuries jugeront nécessaires. Durant leur résidence au collège préparatoire, les étudiants seront soumis à la discipline navale, sous la surveillance de l'officier de la marine en charge du collège.

20. Durant leur cours préparatoire, les étudiants seront instruits dans les mathématiques, la physique, la chimie, et autres sujects théoriques concernant le génie, sous le contrôle du principal du collège, aidé d'un personnel d'instructeurs. Ils recevront une instruction pratique dans les ateliers et la salle de dessin, et apprendront la construction des navires en fer

à l'arsenal. Ils assisteront aux écoles pendant les périodes, et pour l'étude des sujets, qui seront fixées de temps à autre. Il leur sera fourni les moyens d'acquérir les bases fondamentales des connaissances réquises d'un ingénieur naval au sujet de la construction et de la réparation des machines et chaudières de marine, et des appareils s'y rattachant employés à bord, y compris les réparations qui peuvent être faites en mer, aussi de la construction et fonctionnement du mécanisme de l'éclairage électrique, des procédés frigorifiques, la pression de l'air, des torpilles et des canons, et de connaître généralement les devoirs d'un ingénieur naval.

Tandis que les étudiants-ingénieurs étudient la construction des navires en fer ils seront sous la direction du constructeur-chef.

21. Les cas des étudiants qui ne font pas de progrès satisfaisants et ne donnent aucun espoir de devenir des officiers capables, ou qui se rendent coupables d'inconduite persistante, seront renvoyés du service.

Dans le cas d'inconduite grave de la part d'étudiants-ingénieurs avancés qui ne serait pas de nature à nécessiter leur renvoi, leurs nominations comme aides-ingénieurs stagiaires seront retardées, pour la période que Leurs Seigneuries jugeront nécessaire, après avoir passé pour le grade d'aide-ingénieur stagiaire à la fin de leur cours d'instruction. Pendant cette période ils seront employés dans les ateliers seulement, et un rapport de leur conduite sera envoyé à l'Amirauté trimestriellement.

22. Les étudiants seront examinés deux fois par année sous la direction du président du Collège Royal de Marine, Greenwich.

L'examen intermédiaire à la fin de la deuxième année de service sera comme suit, sauf les modifications qui pourront y être apportées à l'avenir :—

23. Les étudiants seront aussi examinés sur le génie et autres sujets pratiques à la fin de chaque année de service. A l'examen pratique à la fin de la deuxième année, ils devront obtenir 50 pour cent des points pour passer. Des prix seront décernés annuellement aux étudiants qui auront les meilleures notes quant à leur habileté comme ouvriers, et des prix pour distinction aux examens sur des sujets professionnels et éducationnels ; un certain degré de capacité dans les sujets éducationnels, et le génie pratique et la construction des navires respectivement, seront considérés essentiels à tous les examens.

24. Les étudiants qui échoueront dans l'un ou l'autre des examens intermédiaires sur l'éducation ou la pratique, seront renvoyés, à moins que de bonnes raisons ne soient données à Leurs Seigneuries pour ce manquement.

25. Les étudiants en construction navale au nombre de deux seulement par année seront choisis parmi les étudiants-ingénieurs qui ont fait preuve de capacité spéciale à la fin de leur deuxième année de service. Les étudiants en construction navale doivent, conjointement avec leurs parents ou tuteurs, fournir un cautionnement de £500 d'entrer, s'ils en sont requis, au service de Sa Majesté comme aides-constructeurs, si, à l'expiration de leur cours ils obtiennent des certificats de bonne conduite et d'efficacité pour entrer dans le service. Ils continueront sous la discipline navale jusqu'à leur entrée comme aides-constructeurs.

Une formule du cautionnement voulu est donnée dans l'annexe ci-jointe.

Un aide-constructeur n'aura pas la permission de quitter le service avant l'expiration de sept ans après qu'il a complété son terme au Collège Royal de Marine, à moins de payer la somme de £500. Le paiement de cette somme est dans le but de défrayer les frais encourus par le public pour son éducation.

26. Les étudiants en construction navale compléteront cinq ans de service au collège préparatoire, et seront assujétis aux mêmes conditions quant aux honoraires, solde, uniforme et autres détails que ceux prescrits par les présents règlements, ou qui pourront être prescrits de temps à autre pour les étudiants-ingénieurs. Leur cours d'instruction sera spécifié de temps à autre.

29. Afin d'être admis comme aides-ingénieurs stagiaires, les étudiants devront obtenir, à l'examen final, la proportion de points ci-dessous. Les présents règlements pourront être modifiés s'il y a lieu :—

Le degré d'excellence pour admission au Collège Royal de Marine sera de 60 pour cent ou plus, du grand total des sujets obligatoires et facultatifs. Ces certificats seront accordés selon le résultat obtenu à l'examen final.

Le degré d'excellence pour obtenir un certificat de 2e classe sera 50 pour cent au moins du total des sujets obligatoires.

Le degré d'excellence pour obtenir un certificat de 3e classe sera 30 pour cent du total des sujets obligatoires.

31. L'examen final des candidats sur les sujets professionnels et la connaissance des devoirs de la chambre de la machine, sera tenu par les officiers de la Réserve assez à temps pour que les certificats soient transmis à l'Amirauté pour le 9 de juin. Des certificats de capacité dans la main-d'œuvre pratique, signés par l'ingénieur-chef de l'arsenal, seront aussi transmis à la même date.

Ces certificats pratiques de la Réserve et de l'Arsenal seront marqués " Very Creditable," " Creditable" ou " Ordinary," suivant la capacité des candidats.

A défaut par les étudiants de passer ces examens ils seront passibles d'être renvoyés, ou il pourra leur être permis de servir pendant une autre période, n'excédant pas un an et ils pourront se présenter de nouveau à l'examen.

32. Les étudiants ne seront pas inscrits comme aides-ingénieurs stagiaires, ou aides-constructeurs stagiaires avant d'avoir appris à nager.

33. Les étudiants-ingénieurs qui passent les examens nécessaires seront inscrits comme aides-ingénieurs stagiaires le 1er juillet de l'année d'examen et seront nommés à un des vaisseaux de la réserve.

Les étudiants qui ont passé l'examen pour un autre cours d'instruction au Collège Royal de Marine s'y rendront le 1er d'octobre suivant leur examen.

34. Tous les aides-ingénieurs stagiaires seront confirmés au bout de leurs douze mois de stage si leur conduite et leur capacité sont certifiés comme satisfaisantes. La paie des aides-ingénieurs stagiaires sera de 6s. par jour, et ils recevront 1s. 6d. par jour au lieu de provisions, etc. Ceux qui obtiennent des certificats de 1re et de 2e classe pourront ajouter 12 mois et 6 mois de leur stage respectivement pour augmentation de solde de 6s. à 7s. 6d. par jour, et pour promotion au grade d'ingénieur ; et ceux qui ont des certificats de 3e classe et ont reçu de très bons certificats et de l'ingénieur en chef de l'Arsenal et des officiers de la Réserve, pourront compter trois mois de leur stage au même effet.

35. Si la conduite et les aptitudes de l'un quelconque des aides-ingenieurs stagiaires ne sont pas certifiés comme satisfaisants durant ces douze mois de stage, ou s'il manque de passer l'examen final au Collège Royal de Marine, sa commission sera retardée de six mois, ou pour telle autre période que décideront Leurs Seigneuries.

36. Quelques aides-ingénieurs seront choisis annuellement parmi ceux qui seront les premiers à l'examen à la fin de leur premier cours au Collège Royal de Marine afin de suivre un autre cours d'instruction pendant une seconde session. Lors de l'examen à la fin de la deuxième session, deux aides-ingénieurs ou plus pourront être choisis pour suivre une troisième et dernière session. Durant leurs deuxième et troisième sessions, les aides-ingénieurs recevront 7s. 6d. par jour, et 1s. 6d. par jour pour dépense de l'ordinaire. Quand ils auront complété leur trois sessions au collège, ils seront considérés habiles à remplir les vacances dans les emplois civils aux arsenaux et à l'Amirauté, après avoir servi pendant trois ans comme officier ingénieur d'un navire de haut bord.

37. L'examen final des étudiants en construction navale, à la fin de leur cinquième année, sera comme suit, sauf les modifications qui pourront y être apportées plus tard :—

Ceux qui manquent de passer le susdit examen seront passibles d'être renvoyés, ou traités selon que le décideront Leurs Seigneuries.

39. Après avoir terminé leur cours, les étudiants en construction navale demeureront et vivront à bord de la même manière que les aides-ingénieurs stagiaires pour un temps—

(*a*) dans le cas de ceux qui étudient pour admission au Collège Royal de Marine comme aides-constructeurs stagiaires ; jusqu'à ce qu'ils joignent le collège ;

(*b*) dans le cas de ceux qui manquent ; jusqu'à ce qu'il ait été rendu une décision à leur égard.

40. Les aides-constructeurs stagiaires qui, à la fin de la première session au Collège Royal de Marine, manquent d'obtenir un rapport satisfaisant de leurs aptitudes, seront requis de se retirer du service, et perdront le montant du cautionnement, ou moins selon que Leurs Seigneuries décideront de recouvrer, à moins que leur manquement ne soit dû à la maladie. La paie des aides-constructeurs stagiaires jusqu'au terme de leur cours au Collège Royal de Marine sera la même que celle des aides-ingénieurs stagiaires, et aides-ingénieurs dans le même service.

41. Les aides constructeurs stagiaires seuls qui auront obtenu des certificats professionnels de première ou de seconde classe à leur examen final au Collège Royal de Marine seront admis dans le corps de constructeurs navals, leurs premières nominations étant celles d'aides-constructeurs de troisième classe.

42. Lorsqu'ils sont nommés aides-constructeurs de 3e classe en quittant le collège, ils cesseront d'être sous la discipline navale, sauf qu'ils auront à aller en mer pour un certain temps, si on l'exige.

43. Ceux qui obtiennent des certificats de troisième classe ne seront pas admis dans le corps, mais seront admissibles comme dessinateurs dans les arsenaux.

44. Chaque étudiant entrant dans le corps royal de constructeurs navals sera sujet à servir à toute station navale étrangère que l'Amirauté désignera.

45. La durée de service dans la troisième classe pour tous les aides-constructeurs sera de quatre ans. Si un rapport favorable est fait à la fin de cette période quant à leurs conduite, habilité et industrie, chaque officier sera susceptible de promotion à la seconde classe. La promotion des aides-constructeurs de la seconde à la première classe sera faite au choix. Les officiers qui auront obtenu des certificats de première classe à leur examen final au Collège Royal de Marine seront susceptibles d'être promus à la première classe s'ils reçoivent un rapport favorable, après cinq ans de service à compter de la date de leur sortie du collège, et ceux qui auront obtenu des certificats de seconde classe seront de même susceptibles de promotion après sept ans de service.

46. Les aides-ingénieurs qui auront passé leurs seconde et troisième sessions au Collège Royal de Marine seront attachés durant les vacances entre le 30 juin et le 1er d'octobre aux arsenaux de la réserve, où ils seront employés à dessiner des machines, à assister aux épreuves de machines, et à acquérir les connaissances professionnelles les plus utiles pour le dessin des machines.

Les aides-constructeurs seront aussi attachés aux arsenaux durant les vacances, et seront employés à des devoirs découlant de leur position.

Des échantillons des habillements de corvée, et des manches de l'habit d'uniforme de petite tenue et de la tunique, sont conservés, et peuvent être vus à l'Amirauté, Whitehall, et au collège préparatoire pour les étudiants-ingénieurs à Keyham, Devonport.

49. Les étudiants fourniront leurs propres livres, et une liste leur en sera donnée lors de leur admission. Ils devront aussi fournir leur papeterie et matériel de dessin.

50. Il plaît à Son Excellence, en vertu des dispositions du chapitre 97 des Statuts Revisés du Canada, intitulé : "Acte concernant les passages d'eau," et l'acte 51 Victoria, chapitre 23, qui le modifie, et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'établir les règlements suivants pour la régie du passage d'eau sur la rivière Ottawa, entre Gould's Landing, dans le township de Horton, dans le comté de Renfrew et province d'Ontario, et Portage du Fort, dans le township de Leitchfield, dans le comté de Pontiac et province de Québec :—

3. *Débarcadères.*

Si l'adjudicataire se décide à employer un chalan, ces débarcadères devront être munis de poteaux d'amarrage et autres accessoires convenables, de façon que les passagers et les voitures puissent embarquer et débarquer commodément et sans danger.

4. *Nombre de traversées.*

Le bac traversera chaque fois que la commodité du public l'exigera, en tout temps entre le lever et le coucher du soleil chaque jour, sauf les dimanches, lorsqu'il sera signalé par des passagers de l'un ou l'autre côté de la rivière ; et le ministère du Revenu de l'Intérieur pourra en tout temps exiger que les traversées soient faites à des heures régulières fixes, aussi bien que lorsque signalé pour des passagers qui désirent traverser.

5. *Taux des péages.*

Le tarif maximum des péages sera comme suit :—

6. Le bateau-passeur sera placé sur la route complètement équipé, et les débarcadères seront finalement construits le ou avant le 1er jour de mai 1899.

7. Le bail sera accordé pour une période de cinq ans à compter du 1er jour de mai 1899.

8. L'adjudicataire devra fournir deux cautions acceptées par le ministère du Revenu de l'intérieur, lesquelles seront obligées conjointement et solidairement avec le principal en la somme de cinq cents piastres ($500), pour l'entier accomplissement de toutes les conditions du bail par l'adjudicataire.

9. Le ministère du Revenu de l'intérieur se réserve le droit de ne pas approuver le bateau-passeur ou les embarcadères s'ils étaient jugés impropres pour le service, dangereux ou insuffisants pour répondre aux besoins du public. Le Gouverneur général en conseil aura aussi le droit de modifier le tarif maximum, s'il était jugé expédient de le faire dans l'intérêt public, et le Gouverneur général en conseil pourra annuler le bail lorsqu'il sera prouvé pleinement que l'adjudicataire néglige de remplir les conditions du bail.

10. L'adjudicataire devra, en tout temps pendant la durée du bail, transporter sur le bac, sans honoraire, péage ou rémunération, les miliciens, soldats ou matelots lorsqu'ils seront porteurs de passeports convenables, ou en charge d'un officier ou d'officiers ; et il sera loisible à l'adjudicataire de commuer le tarif pour les piétons.

11. Un avis des prix de péage pour la traversée sera affiché dans un endroit visible près du débarcadère des deux côtés de la rivière, et aussi à bord du bateau.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que par la clause 30 des règlements régissant les mines alluviales dans le territoire du Yukon, établis par l'arrêté en conseil du 18e jour de janvier 1898, il est établi qu'un droit régalien de dix pour cent sur l'or extrait sera prélevé et perçu sur le rendement brut de chaque emplacement, et que la somme de $2,500 sera déduite du rendement brut annuel d'un emplacement, lorsque se fera l'estimation du montant sur lequel le droit régalien doit être calculé ;

Et attendu qu'il est jugé de l'intérêt du public d'augmenter l'exemption mentionnée dans le paragraphe précédent,—

A ces causes, il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, et il est par le présent ordonné, que la somme de $5,000 sera déduite du rendement brut annuel de chaque emplacement minier dans le territoire du Yukon, lorsque se fera l'estimation du montant sur lequel le droit régalien doit être perçu.

Il plaît aussi à Son Excellence d'ordonner que cette exemption sera allouée sur le droit régalien perçu à compter de la date à laquelle une copie du présent arrêté en conseil sera reçue par le Commissaire des mines d'or à Dawson.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que par l'article 69 des Règlements miniers pour le Manitoba et les territoires du Nord-Ouest, y compris le territoire du Yukon, établis par l'arrêté en conseil du 21 de mars 1898, il est établi que le Régistrateur des mines aura le pouvoir d'entendre et de décider toutes contestations s'élevant dans son district au sujet des propriétés minières préalablement à la délivrance du titre de la Couronne, sauf appel par les parties au ministre de l'Intérieur ;

Et considérant que le major J. M. Walsh, l'ex-commissaire du territoire du Yukon, n'ayant pas reçu une copie du dit arrêté en conseil a, le 2 de juillet 1898, en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, modifié les Règlements miniers du 18 de janvier 1898, en y ajoutant certaines dispositions pour l'audition et la décison de toutes contestations au sujet de propriétés minières dans le territoire du Yukon,—

Il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que les susdits règlements émis par le major Walsh le 2 de juillet 1898, soient et ils sont par le présent rescindés, et que l'article 69 des Règlements miniers du 21 de mars 1898, mentionnés au paragraphe précédent, soit et il est par le présent modifié comme suit :—

"69. Le Commissaire des mines d'or et les Régistrateurs des mines auront chacun le pouvoir d'entendre et de décider toutes contestations au sujet des propriétés minières, sauf appel.

"(*a*) Dans le cas où l'appel serait interjeté de la décision d'un Régistrateur des mines, il sera entendu par le Commissaire des mines d'or ;

"(*b*) Dans le cas d'un appel de la décision du Commissaire des mines d'or, il sera entendu par le ministre de l'Intérieur du Canada ;

"(*c*) Un appel peut être porté devant le ministre de l'Intérieur non seulement des décisions du Commissaire des mines d'or, au sujet des causes originairement jugées par lui, mais aussi au sujet des causes décidées par lui sur appel des décisions des Régistrateurs des mines ;

"(*d*) Le Commissaire des mines d'or et les Régistrateurs des mines seront revêtus de tous les pouvoirs d'un juge de paix en ce qui concerne l'émission de subpœnas demandant la présence de témoins, et aussi quant à l'émission des mandats qui seront nécessaires pour contraindre les témoins réfractaires à comparaître ;

"(*e*) Toutes matières, demandes, et différends concernant de quelque façon les inscriptions d'emplacements miniers en vertu de règlements, ou concernant de quelque façon les droits miniers sur les terres fédérales, qu'ils s'élèvent avant ou après l'entrée en vigueur du présent règlement, seront décidés par le Commissaire des mines d'or, ou les Régistrateurs des mines, sauf appel au ministre de l'Intérieur, tel qu'énoncé plus haut."

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 6 de mars, 1899, au ministre de l'Intérieur, disant qu'en vertu de l'autorité d'un arrêté en conseil daté le 17 d'août 1897, le major J. M. Walsh, Commissaire du territoire du Yukon, était autorisé à changer ou modifier tous règlements miniers émis en vertu de l'autorité du Gouverneur en conseil, régissant la concession d'emplacements miniers lorsqu'il jugera qu'un tel changement serait dans l'intérêt du public ; et que lorsque le major Wash était à Dawson il chargea le Commissaire des mines d'or de retirer des inscriptions tous les emplacements fractionnaires dans le territoire du Yukon, et aussi tous les emplacements de ruisseau non enregistrés sur le Dominion Creek dans le même territoire jusqu'à ce qu'il reçût des institutions du ministre de l'Intérieur à leur sujet.

Le Ministre recommande que l'action prise par l'ex-commissaire du territoire du Yukon soit confirmée, et que tous les emplacements fractionnaires dans le territoire du Yukon et les emplacements non enregistrés sur le Dominion Creek dans le dit territoire, soient réservés à la Couronne.

Le comité soumet ce qui prescrit à l'approbation de Votre Excellence.

1. Nul officier ou personne employé par le gouvernement du Canada en une qualité quelconque dans le territoire du Yukon, et nul officier ou membre de la milice ou de quelque force militaire stationné dans le territoire du Yukon, et nul officier ou membre de la police à cheval du Nord-Ouest stationné dans le territoire, ne jalonnera ni n'enregistrera en son propre nom, ou au nom de toute autre personne ou corporation pour son bénéfice, un emplacement minier dans le dit territoire, et nulle telle personne n'acquerra ni n'achètera de la couronne des terres fédérales dans le dit territoire du Yukon, et nulle telle personne n'acquerra par achat ou autrement un emplacement minier d'aucune sorte ou description que ce soit dans le dit territoire du Yukon.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il appert que des inscriptions d'emplacements miniers ont été accordées dans le territoire du Yukon par le Commissaire des mines d'or et les Régistrateurs des mines en conformité des dispositions de règlements qui dans le temps étaient en leur possession, mais qui auraient été modifiés, sans leur connaissance ; et

Attendu qu'on a prétendu que ces inscriptions ne sont pas valables, vu qu'elles n'ont pas été faites en vertu des règlements en vigueur lorsqu'elles ont été accordées,—

A ces causes il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner, et il est par le présent ordonné, que les règlements et les modifications à iceux qui ont été passés de temps à autre, seront réputés être devenus exécutoires à la date de leur réception par le Commissaire des mines d'or.

Il plaît aussi à Son Excellence d'ordonner, qu'à l'avenir les modifications on les nouveaux règlements deviendront en vigueur du jour où ils sont reçus par le Commissaire des mines d'or, et affichés dans son bureau ; et qu'il incombera au Commissaire des mines d'or d'afficher dans un endroit visible dans son bureau une copie de toutes modifications ou de nouveaux règlements sous vingt-quatre heures après les avoir reçus.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 6 mars 1899, du ministre de l'Intérieur, énonçant que les règlements régissant les mines alluviales dans le territoire du Yukon, approuvés par arrêté en conseil du 18 de janvier 1898, établissent que le front d'un emplacement sera de 250 pieds ; qu'il appert que le Commissaire des mines d'or à Dawson, antérieurement à la réception des règlements, a accordé des inscriptions d'emplacements ayant un front de 500 pieds, étant le front prescrit par les anciens règlements ; que des représentations ont été faites au ministère de l'Intérieur à l'effet que ces personnes demandent que le front des emplacements pour lesquels des inscriptions ont été accordées soit réduit de 500 à 250 pieds, et que les autres 250 pieds restants soient ouverts aux inscriptions ; et que le Commissaire des mines d'or a refusé de ce rendre à cette demande,—

Le Ministre est d'avis qu'il serait injuste envers les personnes qui ont reçu des inscriptions pour des emplacements ayant un front de 500 pieds de les priver d'une partie quelconque de leurs emplacements, pourvu qu'elles se conforment aux règlements, et il recommande que l'action prise par le Commissaire des mines d'or soit confirmée.

Le comité soumet ce qui précède à l'approbation de Votre Excellence.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province ; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

NOTICE TO MARINERS.

No. 16 of 1899.

DOMINION OF CANADA.—QUEBEC.

CHANGE IN PLATON BEACONS. NEW RANGE LIGHTS.

The back day beacon on the high land at Platon, river St. Lawrence between Quebec and Montreal, which, in one with the front beacon on the edge of the cliff, marked the dredged channel through Barre à Boulard, has been taken down.

The front day beacon, on the edge of the cliff, has been moved 50 feet southwardly, at right angles to the line of range, and in its new position will be used in one with a new lighthouse, hereinafter described, located on Richelieu island reef, to mark the axis of the 500 feet wide dredged channel through Barre à Boulard.

The beacon is rectangular, 12 wide by 14 feet high, supported on two posts standing 35 feet above the ground. It is painted white, with a black stripe 3½ feet wide down the middle. Its top is 145 feet above high water mark.

Between the feet of the beacon and in the axis of the range is a small light building, showing a face 7 feet wide by 10 feet high painted white with a black stripe 3½ feet wide down the middle of the side facing the channel. From a window in the face of this building will be shown a fixed red catoptric light, elevated 118 feet above high water mark, which should be visible 11 miles in, and over a small arc on each side of the line of range.

Lat. N. 46° 39' 37"
Long. W. 71° 52' 43"

This light will be known temporarily as Barre à Boulard back range light.

The front range beacon and lighthouse is located in the axis of the Barre à Boulard dredged channel, on Richelieu island reef, and is distant 10,400 feet S. 70° W. (S. 53° 40' W. true) from the back lighthouse hereinbefore described. It is also distant 1140 feet N. 23° 30' E. (N. 7° 10' E. true) from Richelieu island lighthouse.

When completed it will consist of an octagonal, wooden, pyramidal tower, surmounted by an iron lantern, standing upon a steel-encased concrete pier, circular in plan. The pier is painted red brown, and the tower will be painted white, with the iron lantern and the lantern base red. The top of the pier is 10 feet above high water mark and the height of the tower, from the pier to the vane on the lantern, will be 42 feet. The tower is at present only in frame, but with the pier is sufficiently conspicuous to serve as a day beacon.

Until it is completed a temporary light will be shown from an anchor lens lantern placed on top of the framework.

It will a be fixed red light, elevated 40 feet above high water mark, and should be visible 7 miles from all points of approach by water. The illuminating apparatus is dioptric, of the seventh order.

The two lights in one, bearing W. by S. ¾ S. (S. 70° W. true) lead through the axis of the 500 feet wide channel through Barre à Boulard, 250 feet from either bank. The alignment is parallel to and 50 feet south of the alignment of the old Platon day bacons. It leads up through the wide channel west of Barre à Boulard nearly to Batture Simon red buoy. After passing this buoy the lights must be gradually closed until Cap Charles front light and day beacon are brought in one to lead through Horseback bar channel.

The ends of the south edge of Barre à Boulard dredged cut will be marked by large black can buoys.

The above temporary lights will be put in operation immediately. When the front lighthouse is completed, and when pilots are accustomed to the use of the new range, it is proposed to extinguish the Platon range lights and to make the lights of the new range white lights. Of this, due notice will be given.

This notice affects Admiralty charts Nos. 797, 2778 and 2030a; Montreal Harbour Commissioners' ship channel chart Nos. 16 and 17; St. Lawrence Pilot, Vol. 1, 1894, page 339; and the substance of it should be entered in the Canadian List of Lights and Fog Signals, 1898, between Nos. 678 and 679.

AVIS AUX MARINS.

No. 16 de 1899.

PUISSANCE DU CANADA.—QUÉBEC.

CHANGEMENT DANS LES BALISES DU PLATON.—NOUVEAUX FEUX D'ALIGNEMENT.

L'arrière-balise de jour sur la haute terre au Platon, fleuve Saint-Laurent entre Québec et Montréal, qui, lorsqu'elle était l'une dans l'autre avec la balise d'avant sur le bord de la falaise, marquait le chenal dragué à travers la Barre à Boulard, a été démolie.

L'avant-balise de jour, sur le bord de la falaise a été reculée 50 pieds au sud, à angles droits avec l'alignement, et, dans cette nouvelle position, servira, en ligne avec le nouveau phare ci-après décrit situé sur le récif de l'île Richelieu, à marquer l'axe du chenal dragué de 500 pieds à travers à Barre à Boulard.

La balise est rectangulaire, 12 pieds de largeur sur 14 pieds de hauteur, supportée par deux poteaux sortant de 35 pieds au-dessus du sol. Elle est peinturée blanc, avec une bande noire large de $3\frac{1}{2}$ pieds au milieu. Son sommet est à 145 pieds au-dessus de la marque des eaux hautes.

Entre les pieds de la balise, et dans l'axe de l'alignement, est un petit phare, montrant un côté de 7 pieds de largeur sur 10 pieds de hauteur peinturé blanc avec une bande noire au milieu du côté qui fait face au chenal. De la fenêtre du côté de cette bâtisse sera exhibé un feu rouge catoptrique, à 118 pieds au-dessus de la marque des hautes eaux, qui devrait être visible à 11 milles dans un petit arc de chaque côté de l'alignement.

Lat. N. 46° 39' 37"
Long. O. 71° 52' 43"

Ce feu sera désigné temporairement comme arrière-feu d'alignement de la Barre à Boulard.

L'avant-feu d'alignement et phare est situé dans l'axe du chenal dragué de la Barre à Boulard, sur le récif de l'île Richelieu, et est à 10,400 pieds S. 70° O. (S. 53° 40' O. vrai) de l'arrière-feu ci-dessus décrit. Il est aussi à 1,140 pieds N. 23° 30' E. (N. 7° 10' E. vrai) du phare de l'île Richelieu.

Une fois complété, il se composera d'une tour octogone en bois, pyramidale, surmontée d'une lanterne de fer, reposant sur une pile de béton entourée d'acier, de forme circulaire. La pile est peinturée rouge brun, et la tour sera peinturée blanc, avec la lanterne de fer et la base de la lanterne en rouge. Le sommet de la pile est à 10 pieds au-dessus de la marque des hautes eaux et la hauteur de la tour, depuis la pile jusqu'à la girouette, sera de 42 pieds. La tour n'est qu'en charpente pour le moment, mais la pile est suffisamment distincte pour servir de balise de jour.

Jusqu'à ce qu'elle soit complétée, un feu temporaire sera exhibé du fanal placé sur la charpente.

Le feu sera un feu rouge fixe, à 40 pieds au-dessus de la marque des hautes eaux, et devrait être visible à 7 mille de tous les points d'approche par eau. L'appareil éclairant est dioptrique, du septième ordre.

Les deux feux, l'un dans l'autre, dans une orientation O. $\frac{1}{4}$ S. $\frac{3}{4}$ S. (S. 70° O. vrai), conduisent dans l'axe du chenal dragué de 500 pieds à travers la Barre à Boulard, à 250 pieds des deux rives. L'alignement est parallèle à, et 50 pieds au sud de, l'alignement des anciennes balises de jour du Platon. Il conduit dans le grand chenal à l'ouest de la Barre à Boulard presque jusqu'à la bouée rouge de la batterie à Simon. Après avoir passé cette bouée, les feux doivent être graduellement resserrés jusqu'à ce que l'avant-feu et la balise de jour du Cap Charles soient amenés l'un dans l'autre pour conduire dans le chenal de la barre du Fer-à-cheval.

Les extrémités du bord sud de la tranchée draguée de la Barre à Boulard seront marquées par de grandes bouées-boîtes noires.

Les feux temporaires ci-dessus seront mis en opération immédiatement. Lorsque le phare d'avant sera complété, et lorsque les pilotes seront habitués à l'usage du nouvel alignement, on se propose d'éteindre les feux d'alignement du Platon, et de rendre les feux du nouvel alignement blancs. Avis en sera donné en temps convenable.

Cet avis concerne les cartes de l'Amirauté Nos. 797, 2778 et 2030*a* ; la carte du chenal des navires des Commissaires du Havre de Montréal, Nos. 16 et 17 ; le St. Lawrence Pilot, vol. I, 1894, p. 339 ; et devrait être inséré en substance dans la Liste des phares et signaux de brume canadiens, 1898, entre les Nos. 678 et 679.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

No. 19 of 1899.

DOMINION OF CANADA—NOVA SCOTIA.

GOVERNMENT RIFLE RANGES, McNAB'S ISLAND.

The usual annual notice has been issued by the Chief Staff Officer of the Imperial Troops in Canada, with reference to target practice on McNab's Island, as follows:—

Owing to the extreme range of the Lee-Metford or magazine rifle, with which the musketry training of the troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys, placed at intervals between the Thrumcap shoal and the Eastern passage, at a distance of 3,000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys, during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab's Island is left flying.

This notice will have effect from the 11th May, 1899.

NOTICE TO MARINERS.

No. 16 of 1899.

DOMINION OF CANADA.—QUEBEC.

CHANGE IN PLATON BEACONS. NEW RANGE LIGHTS.

The back day beacon on the high land at Platon, river St. Lawrence between Quebec and Montreal, which, in one with the front beacon on the edge of the cliff, marked the dredged channel through Barre à Boulard, has been taken down.

The front day beacon, on the edge of the cliff, has been moved 50 feet southwardly, at right angles to the line of range, and in its new position will be used in one with a new lighthouse, hereinafter described, located on Richelieu island reef, to mark the axis of the 500 feet wide dredged channel through Barre à Boulard.

The beacon is rectangular, 12 wide by 14 feet high, supported on two posts standing 35 feet above the ground. It is painted white, with a black stripe 3½ feet wide down the middle. Its top is 145 feet above high water mark.

Between the feet of the beacon and in the axis of the range is a small light building, showing a face 7 feet wide by 10 feet high painted white with a black stripe 3½ feet wide down the middle of the side facing the channel. From a window in the face of this building will be shown a fixed red catoptric light, elevated 118 feet above high water mark, which should be visible 11 miles in, and over a small arc on each side of the line of range.

Lat. N. 46° 39' 37"
Long. W. 71° 52' 43"

This light will be known temporarily as Barre à Boulard back range light.

The front range beacon and lighthouse is located in the axis of the Barre à Boulard dredged channel, on Richelieu island reef, and is distant 10,400 feet S. 70° W. (S. 53° 40' W. true) from the back lighthouse hereinbefore described. It is also distant 1140 feet N. 23° 30' E. (N. 7° 10' E. true) from Richelieu island lighthouse.

When completed it will consist of an octagonal, wooden, pyramidal tower, surmounted by an iron lantern, standing upon a steel-encased concrete pier, circular in plan. The pier is painted red brown, and the tower will be painted white, with the iron lantern and the lantern base red. The top of the pier is 10 feet above high water mark and the height of the tower, from the pier to the vane on the lantern, will be 42 feet. The tower is at present only in frame, but with the pier is sufficiently conspicuous to serve as a day beacon.

Until it is completed a temporary light will be shown from an anchor lens lantern placed on top of the framework.

It will a be fixed red light, elevated 40 feet above high water mark, and should be visible 7 miles from all points of approach by water. The illuminating apparatus is dioptric, of the seventh order.

The two lights in one, bearing W. by S. ¾ S. (S. 70° W. true) lead through the axis of the 500 feet wide channel through Barre à Boulard, 250 feet from either bank. The alignment is parallel to and 50 feet south of the alignment of the old Platon day bacons. It leads up through the wide channel west of Barre à Boulard nearly to Batture Simon red buoy. After passing this buoy the lights must be gradually closed until Cap Charles front light and day beacon are brought in one to lead through Horseback bar channel.

The ends of the south edge of Barre à Boulard dredged cut will be marked by large black can buoys.

The above temporary lights will be put in operation immediately. When the front lighthouse is completed, and when pilots are accustomed to the use of the new range, it is proposed to extinguish the Platon range lights and to make the lights of the new range white lights. Of this, due notice will be given.

This notice affects Admiralty charts Nos. 797, 2778 and 2030a; Montreal Harbour Commissioners' ship channel chart Nos. 16 and 17; St. Lawrence Pilot, Vol. 1, 1894, page 339; and the substance of it should be entered in the Canadian List of Lights and Fog Signals, 1898, between Nos. 678 and 679.

NOTICE TO MARINERS.

GOVERNMENT RIFLE RANGES, MCNAB'S ISLAND.

Owing to the extreme range of the Lee-Metford or Magazine Rifle, with which the musketry training of the troops will in future be conducted, and with a view to the better protection of the public, it has been found necessary to demarcate more clearly the area of water seawards, and to the south of above ranges, liable to be struck by spent or ricochet bullets.

This area has been marked by four spar buoys, placed at intervals between the Thrum Cap Shoal and the Eastern Passage, at a distance of 3,000 yards from the stop butts. The buoys mark the extreme limits of the danger zone. The spars are painted red, and are surmounted by cross heads painted red and white.

Notice is therefore hereby given that any ship or boat passing inside these buoys, during the hours of practice, incurs serious risk, and no attempt should, under any circumstances, be made to cross the aforesaid area as long as the red flag hoisted at the south end of McNab's Island is left flying.

This notice will have effect from the 11th May, 1899.

By Order,

V. BISCOE,
Colonel, A.A.G., Chief Staff Officer.

HOTEL DU GOUVERNEMENT À OTTAWA.

Lundi, le 1er jour de mai 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que par un arrêté en conseil du 28e jour d'avril 1894, la pêche au rets de toutes sortes a été défendue pour une période de cinq ans dans les eaux du Lac des Chats, une expansion de la rivière Ottawa, afin d'aider à la reproduction naturelle et la croissance des alevins que le Ministère de la Marine et des Pêcheries y a déposés.

Et considérant qu'il a été représenté que les effets bienfaisants de cette mesure ont déjà été ressentis par les habitants des comtés qui bordent ces eaux,—

A ces causes il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que la dite défense soit renouvelée pour une autre période de cinq ans à compter de la date de son expiration le 22e jour de mai 1899, et que durant cette période il ne sera permis de pratiquer dans le dit Lac des Chats d'autre mode de pêche que la pêche à la ligne avec hameçons, ou les lignes de nuit.
